The Games People Play

Pac-Man, Asteroids, Rubik's Cube and Atari. The games people play . . . both electronic and otherwise. This edition of Reflections attempts to relate the puzzles and games of the school year which tend to baffle the student to the greatest game of all . . . life. This perplexing task is tackled through the use of photographs, student interviews, and commentaries.

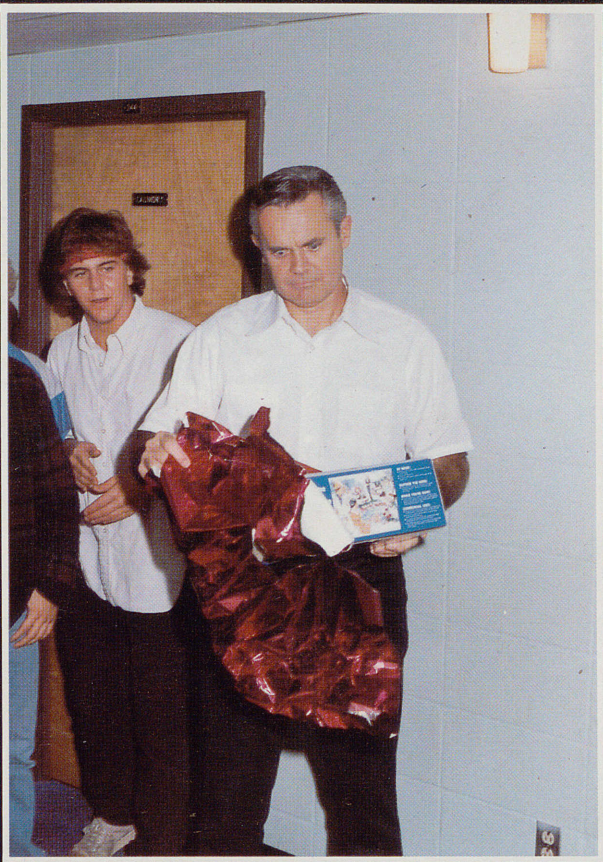

OPPOSITE TOP: John Conery and Troy Miller clown around during intramurals. OPPOSITE BOTTOM: Doc Wolfe enlightens the Seniors with his annual talk. Usually the preceding class is very well represented at this gala event.

Homecoming 1982

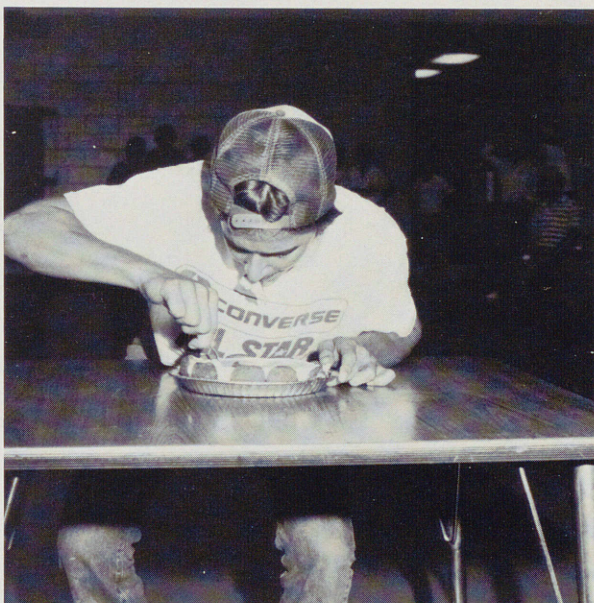

Why do they return? What compels them to come back? Memories. The human mind being what it is, the individual remembers only the good times, the bad quickly fades away. So our graduates return each year to relive the good times. To attempt to regain or reinforce some special memory that they have of their school days at St. Stanislaus.

A recent graduate was asked his reason for returning to SSC and he replied, "I returned mainly to see how it felt to be an alumnus, rather than a student. But you know something, there is not a whole lot of difference." So it goes, the parade, the Pep Rally, the game, the Dance; all for one reason, to celebrate, as well as create, memories.

Scouts Explore the Mystery of Man

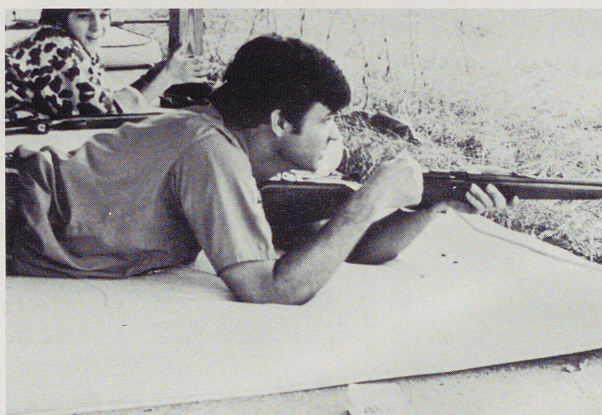

And who said Boy Scouts do nothing but sit around and tie knots. Well, listen to this.

This year alone, Scout Troop 86 went on four camping trips (Flint Creek, Camp Tiak, Vee-Bar Rifle Range, Council Camporee) and is planning one for the summer; took a canoe trip down Wolf River; traveled to Disneyworld in Orlando, Florida, for a weeklong Easter trip; and marched in a Mardi Gras Parade.

In addition, one scout (Ed Friloux) earned Eagle Scout status.

None of this would have been possible without the enthusiasm and work of Brother Dwight Kenney, S. C., Scoutmaster and his able assistant, Brother Timothy.

Next year, Brother Dwight will be without Brother Timothy who has been transferred. Good luck, Brother Timothy, you will be missed!!

That Wonderfully Bewildering Band

This year, the Rockachaw Band began a new era under the tutelage of Mr. Howard Weaver.

A new and brilliant sound, precision marching and flashy new shows were the initial result of this change. Mr. Weaver took charge and molded the Band in his own ideals.

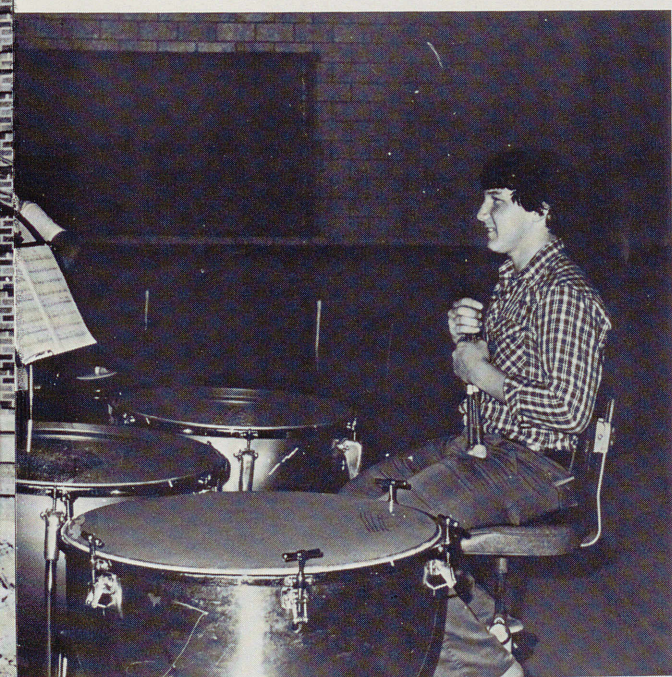

Discipline counted most with Mr. Weaver. "If you don't know what the entire Band is doing, you don't know what you're doing," was a quote often heard.

Next year, the Band is expected to be better than ever, with more returning band members than in recent years.

Project Do Does

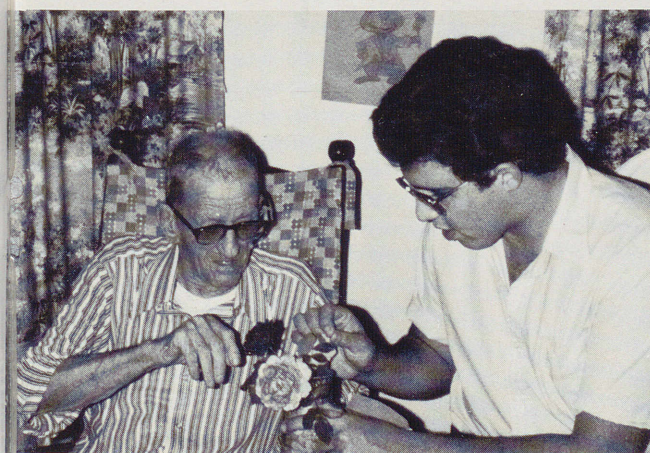

Athletic and scholastic accomplishments of students are usually fairly well publicized, but there is another activity for which there are no bands, no cheerleaders, nor flags, and little or no publicity. Brains, brawn or beauty are not prerequisites — only heart — you gotta have a lot of heart.

Project Do is that activity. It is made up of students under the direction of Brother Canisius Schell, S. C.; these students volunteer some of their independent study periods, as well as time after school, to participate in activities that can best be described as a "Do It Yourself Course in Humanities." Their volunteer projects include services to the aged, the needy and the underprivileged.

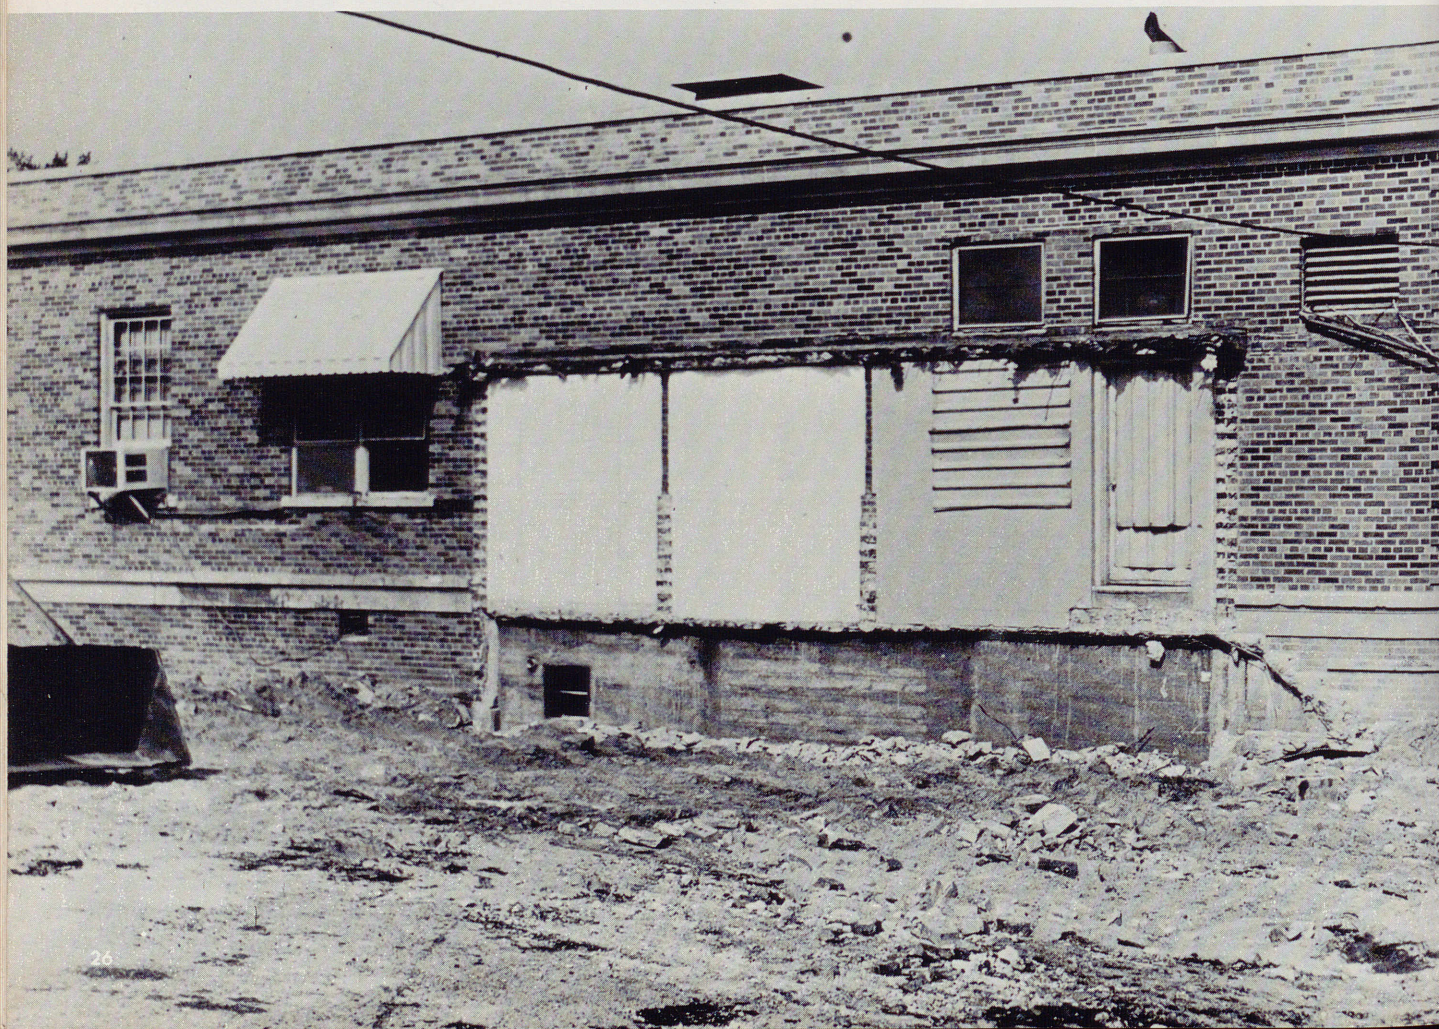

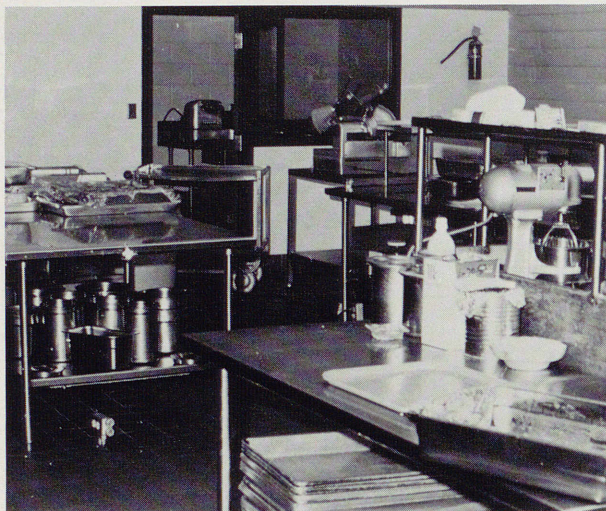

Project Do gives young people the opportunity to grow and to put into practice the Christian virtues that they are taught at home and at school.

New Kitchen Takes Shape

In June 1981, the new kitchen was begun. An ambitious project, the renovation would not be completed until October of the same year.

But what a difference! Where before there were twenty people confined to a very small area, you now had to yell across the distance. With the new surroundings, of course, came new and better equipment. A new walk-in freezer and cooler were added into the complex, (before they were located outside the kitchen area).

Brother Pierre St. Pierre designed the new layout and did a tremendous job.

The Brother Alban Memorial is a fitting tribute to a man who dedicated his life to the service of others.

Sidelines Club Fair a Success

Once again, this year the Sidelines Club staged a successful fair, which amazed many individuals in that it rained twice during the weekend.

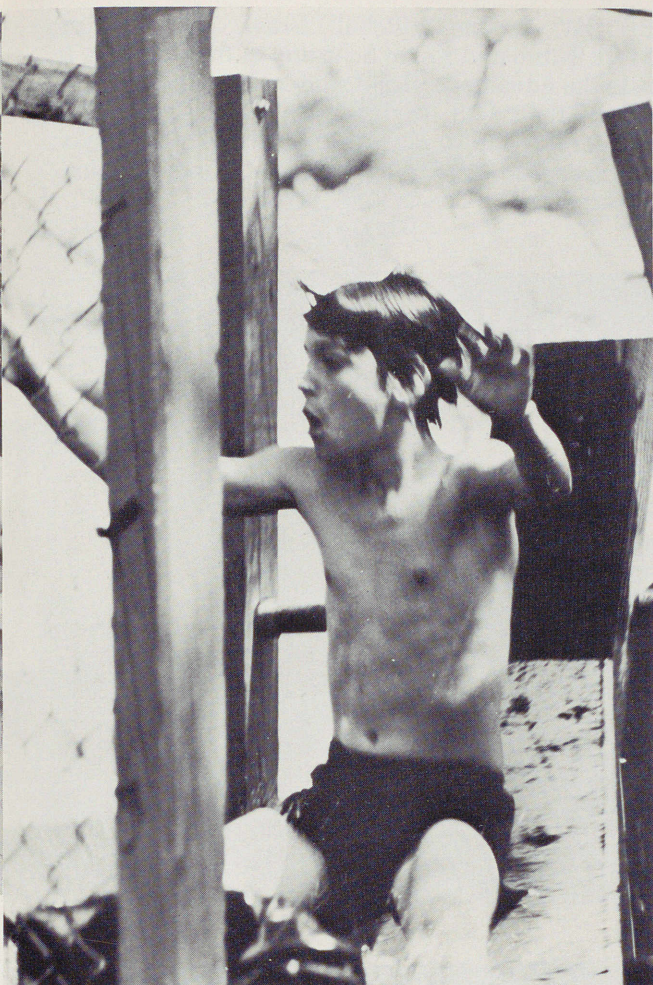

This apparently had no effect on the fairgoers, as the Sidelines Club reported this year to be the best ever.

The purpose of the Fair each year is to raise funds to assist the Athletic Program here at SSC. So far the Sidelines Club has repaved the track at the stadium, purchased a new public address system and has many other projects in mind to upgrade the Athletic Program.

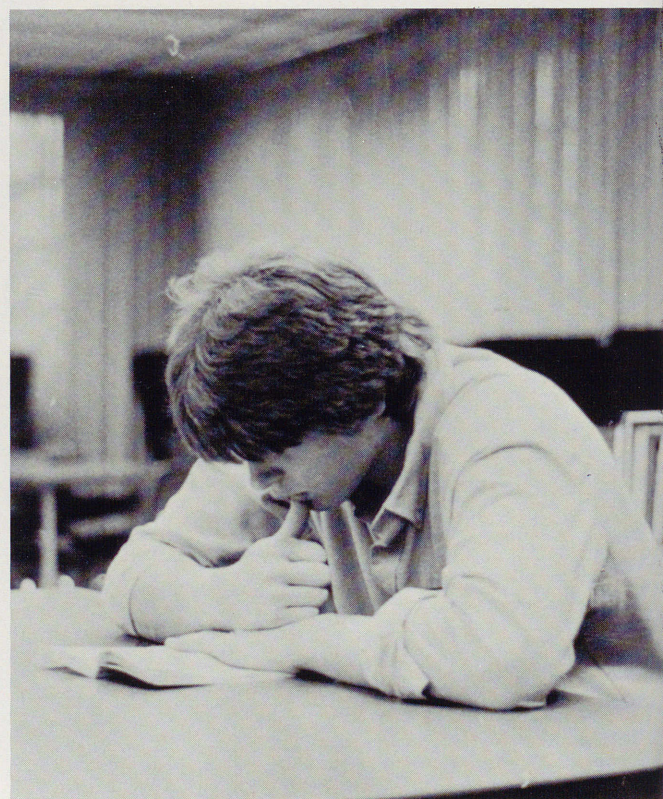

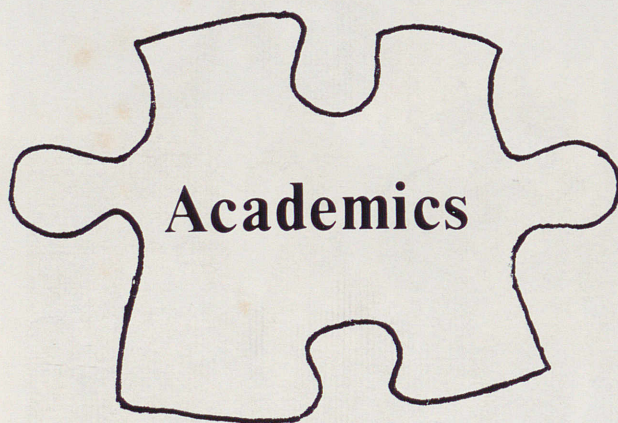

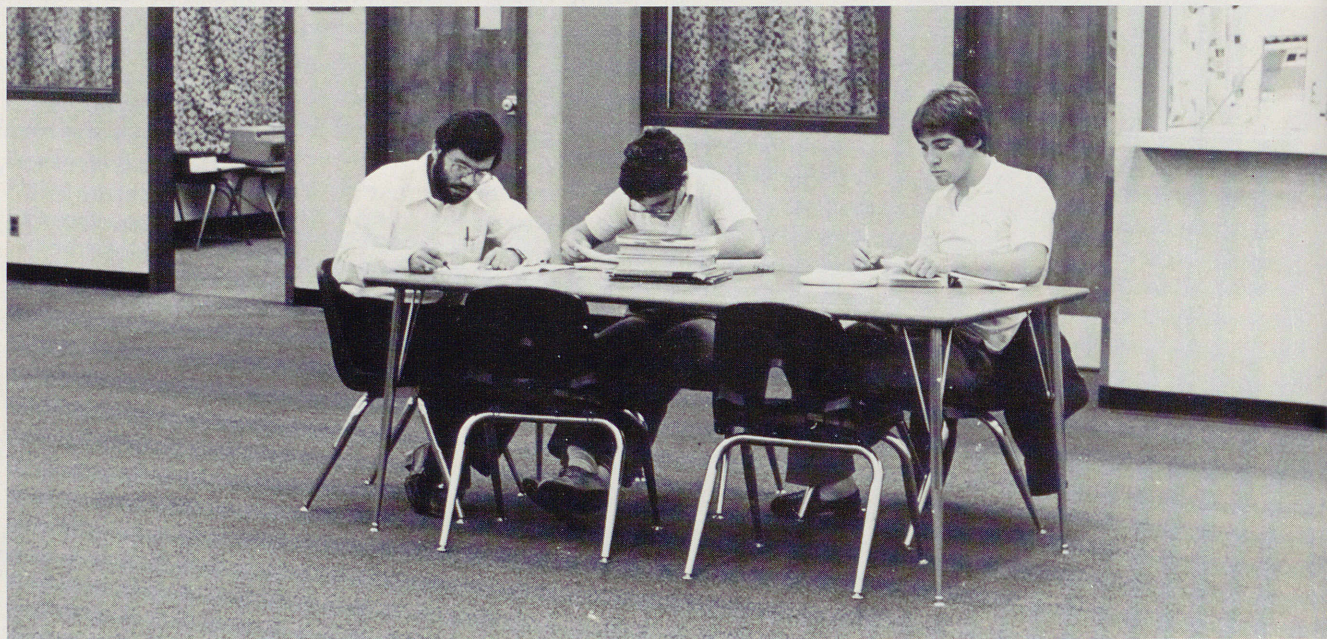

Gentlemen, we take our hats off to you. Keep up the good work.

ABOVE: Mrs. Dorothy Kersanac, Business Education. RIGHT: Mrs. Helen Currie discusses Spanish history with the Advanced Spanish Class.

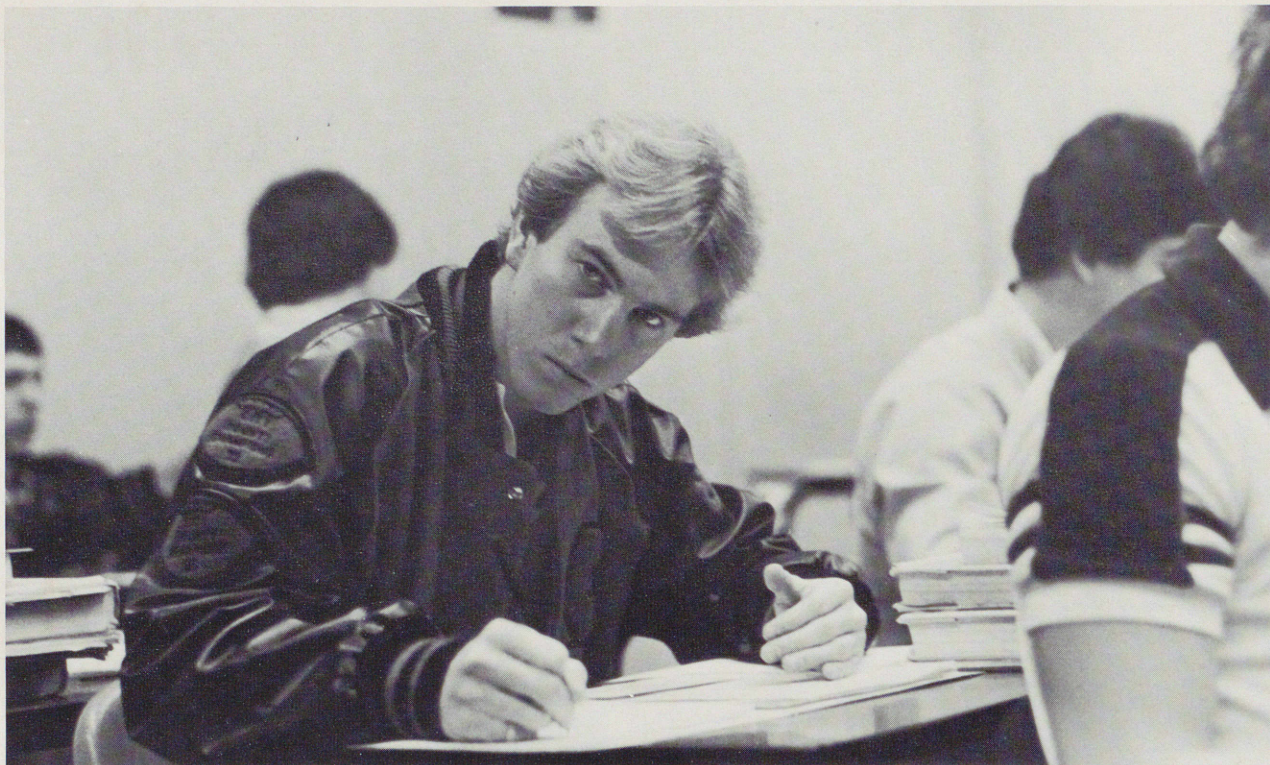

Transitive verbs, Communism, Vector Analysis $C^2 = A^2 + B^2 \dots$ and some thought Rubik's Cube was hard. All these and many more ideas, axioms, philosophies and theorems are put before the student during the school year. They represent the mysteries of life, of learning. And the enigmas of the spirit are not neglected either. While a student at St. Stanislaus, the student can be expected to be challenged in every aspect of modern life. All subject areas are covered extensively, the mental as well as the physical.

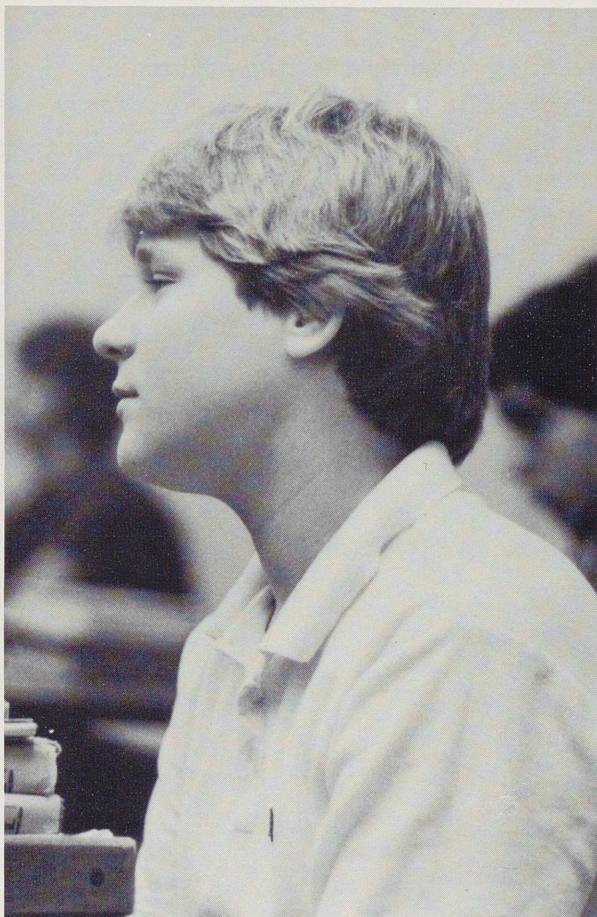

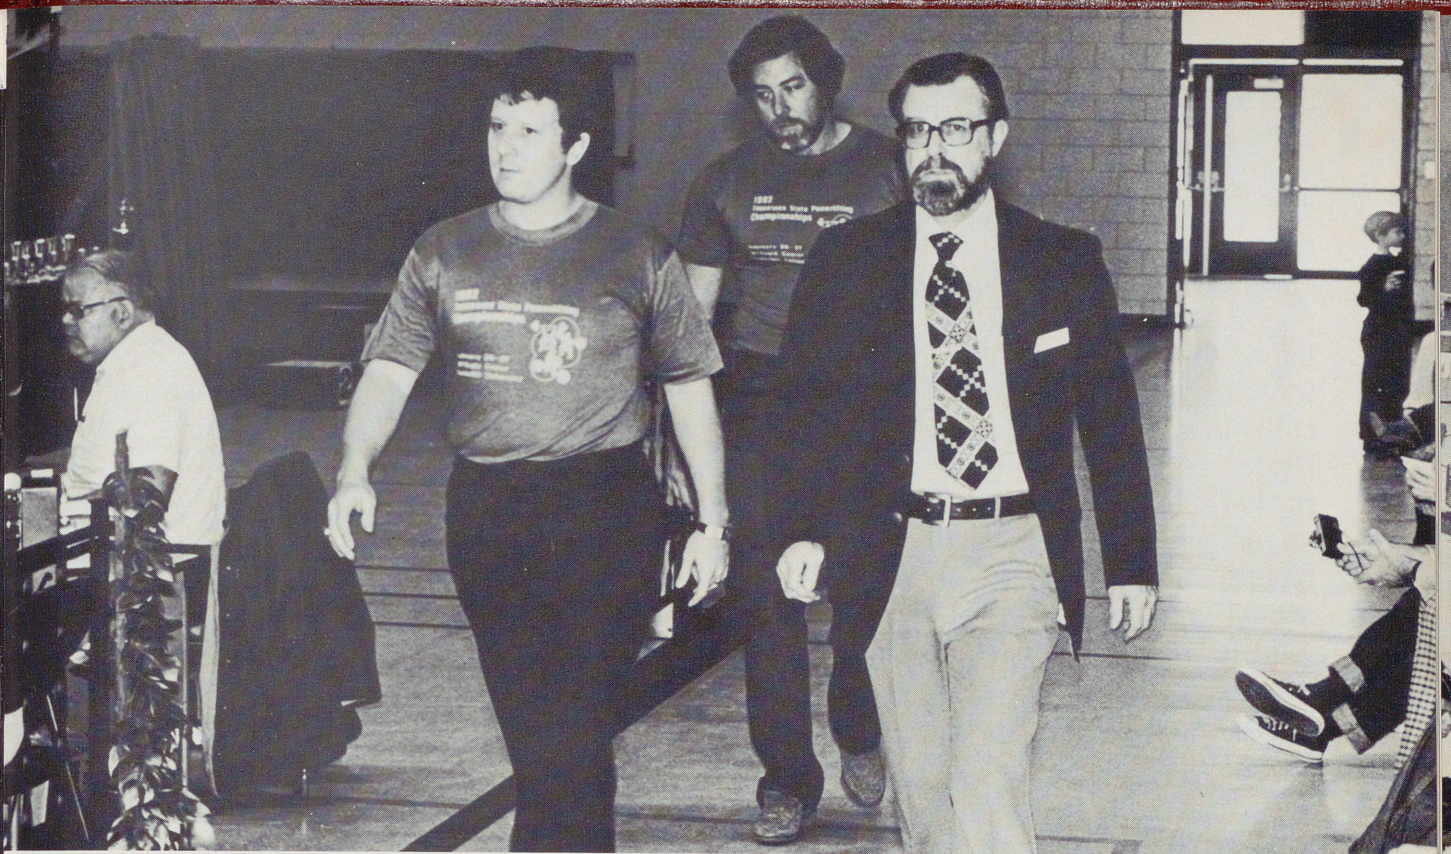

OPPOSITE PAGE — TOP: Coach Ron Engel, Biology, discusses the finer points of an experiment with sophomores David Peranich and Philip Pecquet. BOTTOM LEFT: Mrs. Lydia Farve, School Nurse, comforted many an ill student throughout the school year. Always there for any problem. BOTTOM RIGHT: Brother Timothy, Art and Religion, leads a class discussion in Seventh grade Religion. TOP: Brad Lamey, Senior, apparently does not like the idea of his photo being taken during class. BOTTOM RIGHT: Mrs. Eleanor Hill, secretary to the Principal, caught in action at her desk.

To what purpose? Why must we learn the Pythagorean Theorem: Who cares whether Napoleon lost at Waterloo or not? Well, many of our faculty members could give varied and diversified answers to these many questions, but the one all-encompassing answer is ... to better prepare the student to cope with the problems facing the world today and in the future. To further unravel the puzzle we call life. Social studies to prevent repeating the errors of the past; English, to further the art of communication; Science, to enhance our physical and mental health; and Mathematics, well, without Math progress reaches a stalemate.

OPPOSITE PAGE — TOP LEFT: Mrs. Beth Benvenuti, Reading, places an order for new books. TOP RIGHT: Brother Michael Vidrine, S.C. lectures to his Eighth grade class. BOTTOM: Mrs. Mirandy, Mall Manager. TOP: Mrs. Helen Currie, Languages, relaxes after one of the superb French class dinners. BOTTOM: Mrs. Kathy Pair, Science, conducts an experiment for the Freshman class.

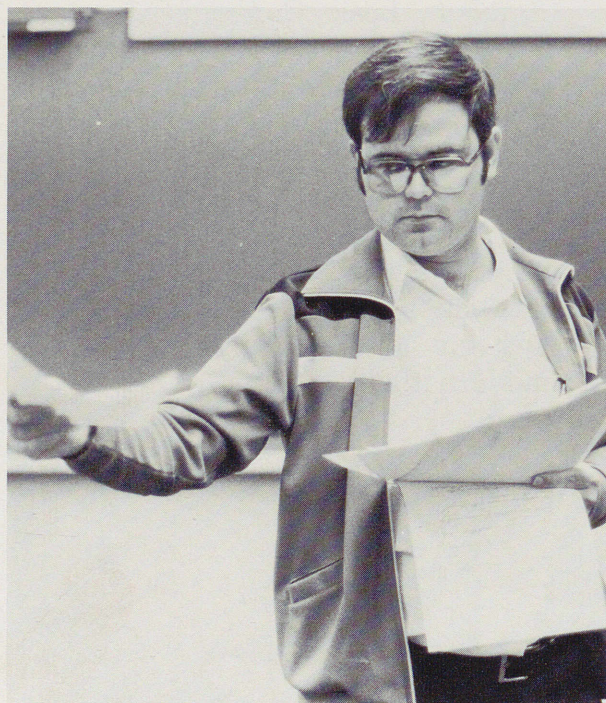

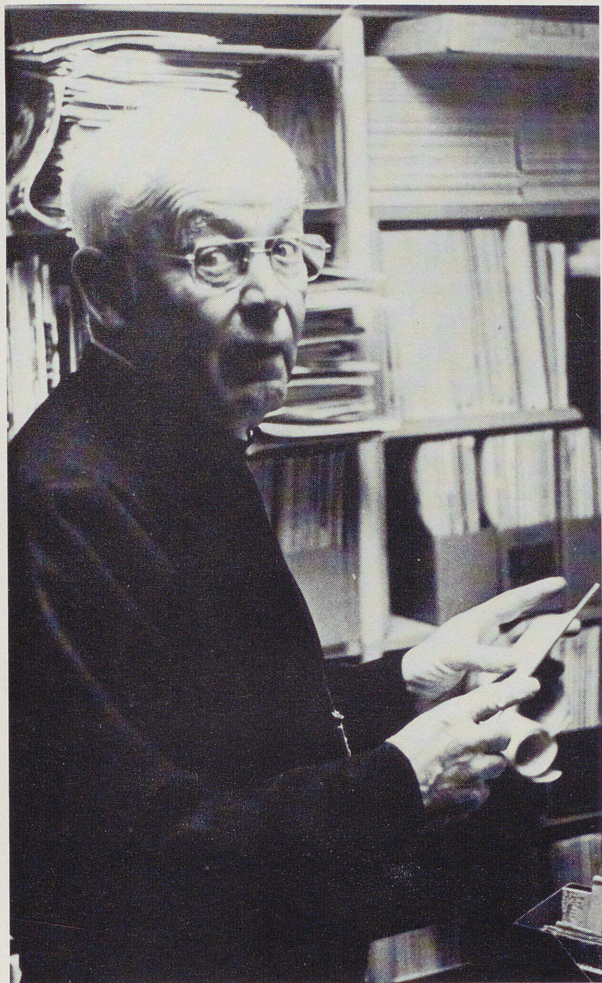

To complement the basics, the student is exposed to the arts and music; variety is achieved through electives such as Business Education courses, Aviation, Basic Computer Programming, etc. Nor are the physical attributes neglected. Physical Education is a very important asset to the education of the total student.

And the extras. The sports program, the organizations, Honor as well as others. These too contribute to the motivation for searching for the answers to the many questions of modern life.

ACTIVITIES

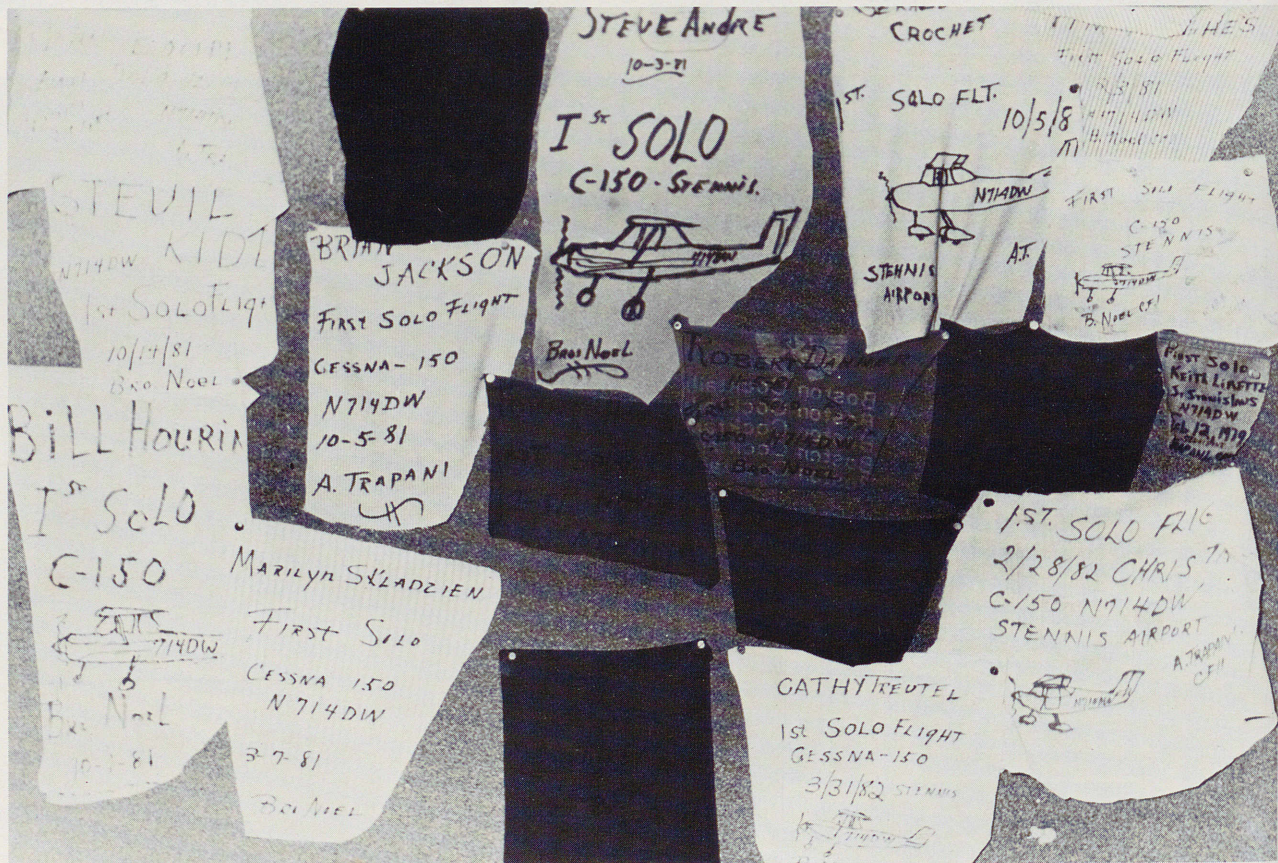

Skyhawks Explore the Mysteries of the Sky

Established over five years ago, the St. Stanislaus Skyhawks have grown from a very few individuals to over 20 persons.

The basic goal of the organization is, of course, to learn to fly. But the ultimate goal is the FAA pilot's license.

Brother Noel Lemmon, flying instructor, has taught Aviation since 1975. Flying, however, means more to him than just sitting in a classroom. As he puts it, "Everything is beautiful and in perfect order when I am flying. It's not like down there, where you can see the garbage and people fighting. When I get up there I can forget all my problems for a few minutes and I find that very relaxing."

OPPOSITE PAGE: Steve Kidd, Steve Loupe, and Gerald Crochet pose with the Cessna after earning their pilot's license. THIS PAGE, RIGHT: Brother Noel Lemmon, S. C., explains a technicality to Gerald Crochet. BELOW: The "Solo" board.

SKYHAWKS

Math & Science Team

The competition was held on the campus of Mississippi College in Clinton on February 5, 1982. Nine students competed for the "Rocks" in the written competition.

Awards were earned by the following students for placing in the top 10% of the written competition. Hunter Vegas — top 5% in Physics and top 2% in Math. Stephen Boulet — top 3% in Physics and top 8% in Math. Timothy Rayner — top 2% in Biology and top 10% in Math. Stephen Colson — top 9% in Biology and Chemistry. Skip Horne — top 6% in Math. Tommy Zanca — top 9% in Math.

Prep Quiz Bowl Team

The Prep Quiz Bowl Team, this year, earned a berth in the Semi-finals by competing and defeating some of the top teams in the New Orleans area.

First round action was against St. Martin High School of New Orleans. After defeating this team, our next opponent was John Ehret High School of Gretna, which we won handily.

However, our Waterloo was met in the form of Dominican High School of New Orleans.

All in all, an excellent showing with a bright future on the horizon.

Acolytes Probe Mysteries of Life

The St. Stanislaus Acolyte Society was established to enhance the education of the young men here at school. It has achieved this goal.

In addition to broadening the viewpoints of its members, the Society also assumes the tasks of serving at all masses.

Beginning with less than 10 young men four years ago, the Society now encompasses over 60 individuals. Their dedication is great, their rewards very few. Their moderator is Brother Ray Kuhn, S. C.

NHS Has Best Year Ever

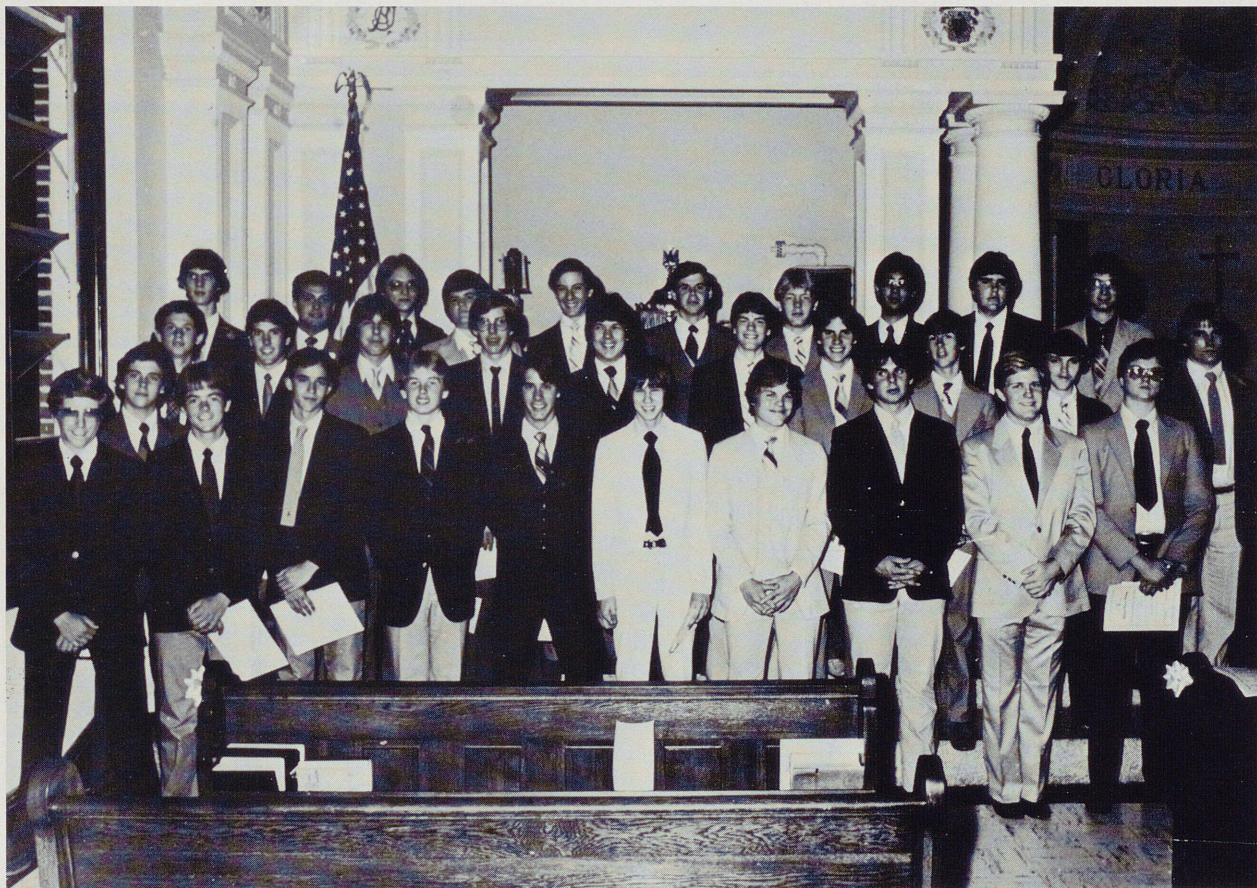

One of the few organizations on campus which recognizes the academic accomplishments of its members as the function of their existence, the National Honor Society this year was outstanding.

Having more returning members as well as a large number of inductees accounted for an usually large membership.

However, a large portion of NHS was lost upon graduation.

SHS/FHS

Each year it is traditional that the French and Spanish Honor Societies present a special show highlighting their talents. At the same time, this opportunity is used to induct the new members into the respective Societies.

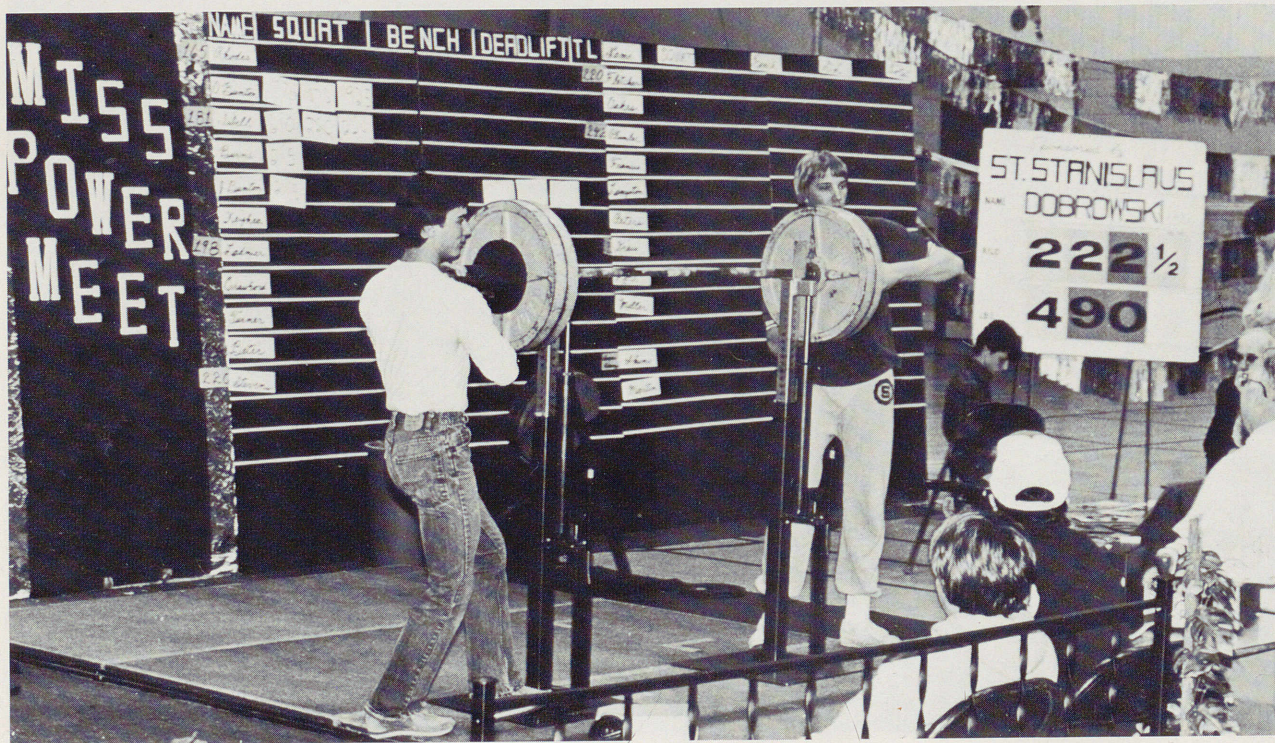

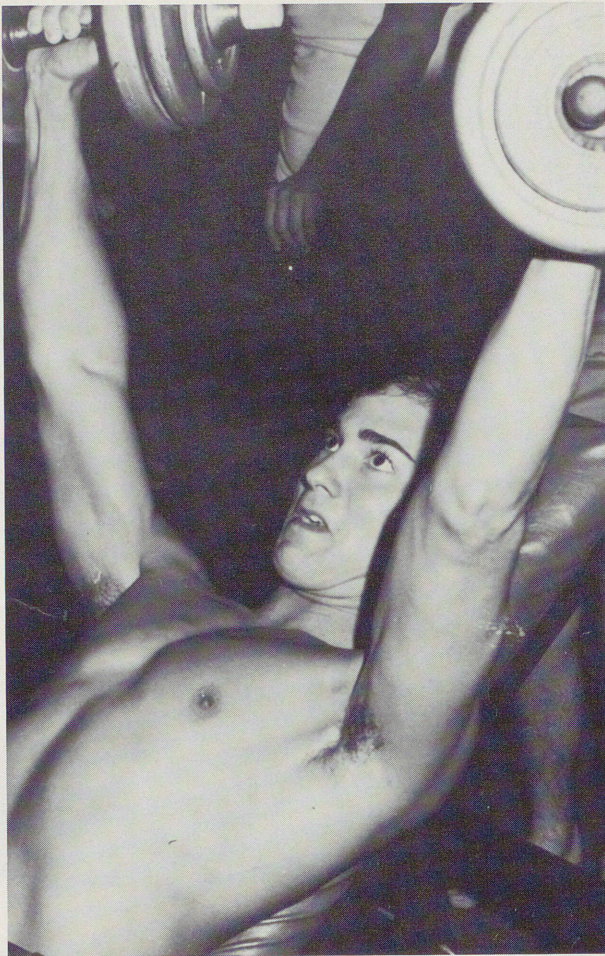

Although this was the first active year for FHS in some time, it was a good year, with four individuals being inducted into the Society. Mrs. Helen Currie, Moderator, predicts that next year will be even better.

The Mystification of Muscles

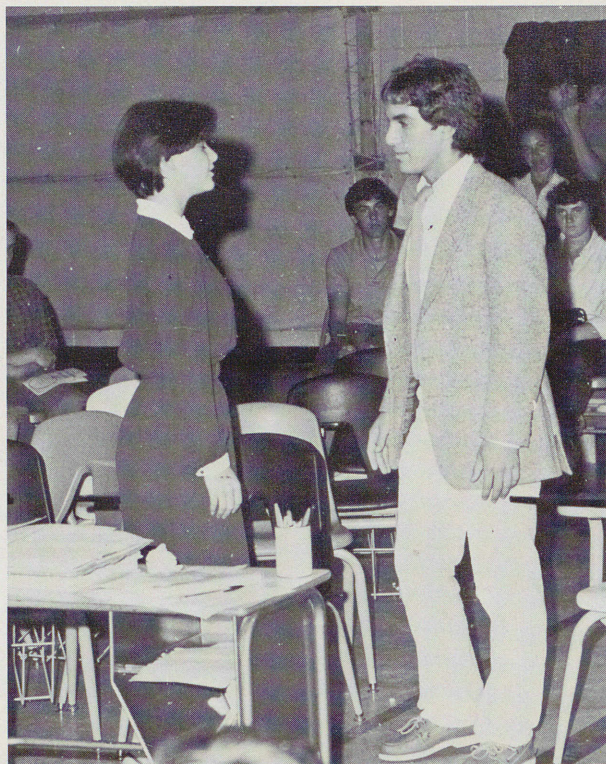

Begun as an afternoon activity for possibly 10 or 15 interested young men, the Saint Stanislaus Weightlifting Club has risen in prestige and prominence.

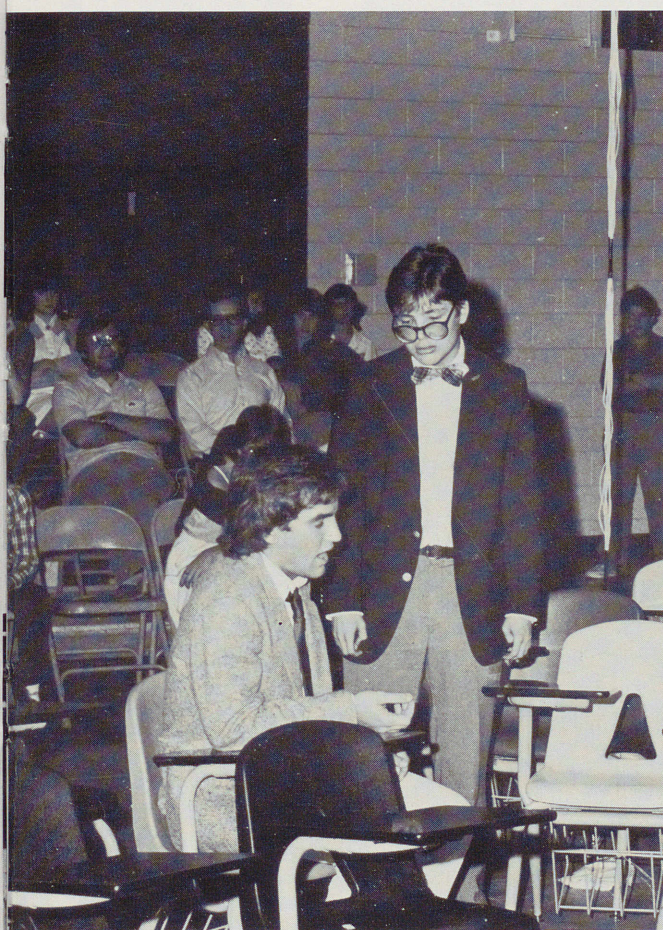

Membership now includes some 90 individuals who "work out" two or three days a week. In addition, the SSCWLC plays host each year to the Mississippi State Powerlift Meet.

The "temple" is a fully equipped gym which includes such facilities as a sauna, a whirlpool and dressing rooms. Brother Bennet, Moderator, should be indeed proud of this organization. Plus the SSCWLC this year went on record backing Drug-Free Powerlifting. Brother Bennet is a major organizer behind this movement.

Drama Delights . . .

Drama this year was very entertaining and enjoyable. Two productions of note were performed. "The Anniversary" with Nolan Marchand directing and "Up the Down Staircase," with Mr. Dan Griffon, Moderator, directing. Many students were involved with much talent displayed.

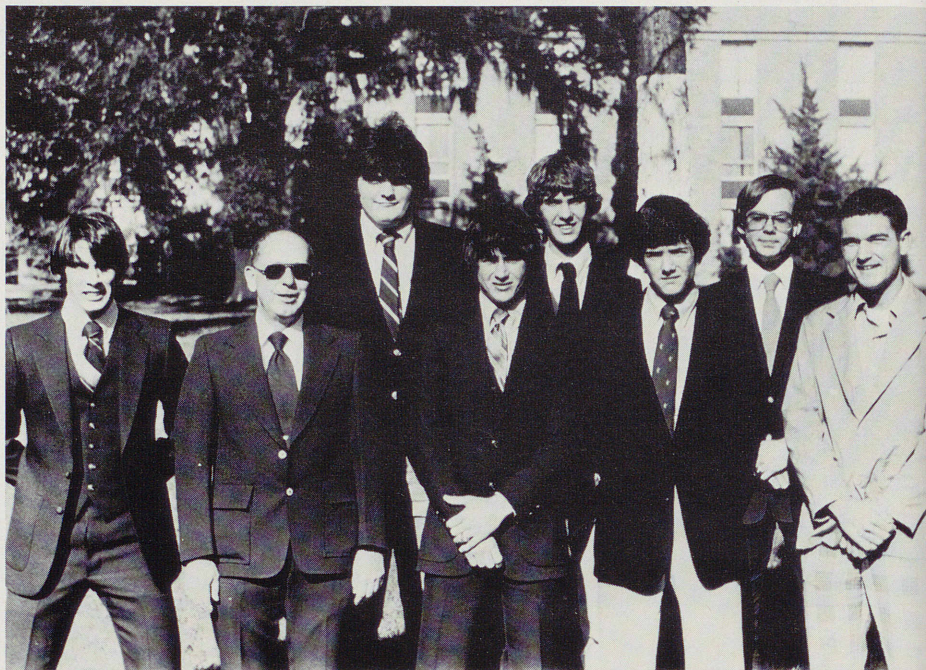

OPPOSITE PAGE, TOP LEFT: Palmer Adams and Angel Ambrose in a scene from the Anniversary. TOP RIGHT: Mitzi Plessala and Alex Goodson in Up the Down Staircase. Undebatable Debate Team

Debate team, in its second year, once again proved that it's not what you say, but how you say it. The Team, under the direction of Brother Ed Sauter, S. C., competed in many debates throughout the year and qualified for the District Finals. **PICTURED AT RIGHT:** first row: Hunt Vegas, Brother Herman, Ray Williams, Ricky Thompson, Brother Ed Sauter. Radio Club

Occupying over one-half of the room of Brother Eduardo is a large, very large, ham radio set. This is the heart of the Saint Stanislaus Radio Club, now in its sixth year.

The main goals of the Club are to involve students in radio procedure and operation; to assist members in obtaining their FCC license; to set up home stations for the students; and participation in state and national contests.

LEFT: Glenn Tchou inspects a new radio system. BELOW: Ward Faulk checks out the new equipment. BOTTOM: Duane Landry demonstrates the proper procedure for transmitting.

Yearbook . . . Enigma

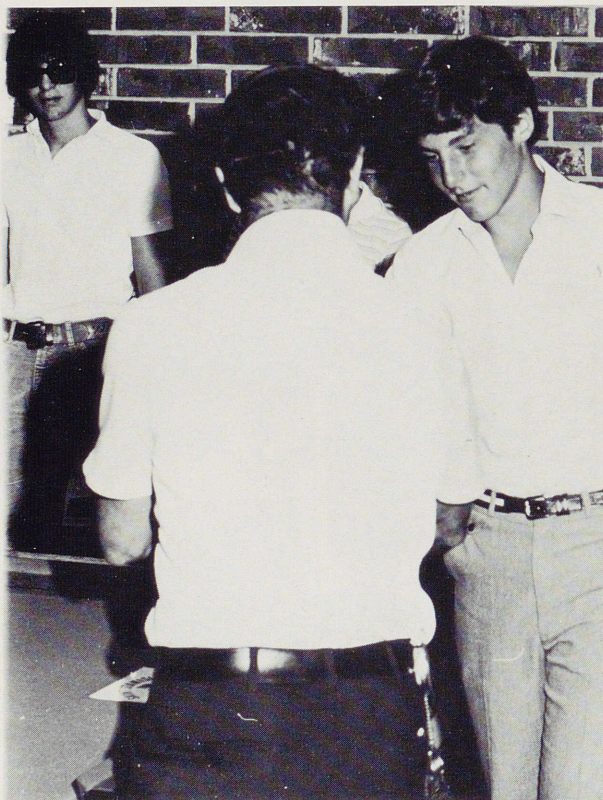

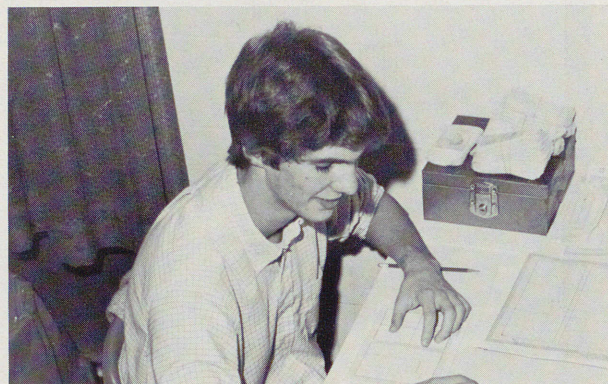

So who joins Yearbook? Everyone who can't play sports or do anything else? Not true! Most of the individuals on the Yearbook Staff are actively involved in sports, clubs, and other organizations throughout the campus.

In fact, only someone very active in campus life could work very well in the basement. A loafer wouldn't last a week.

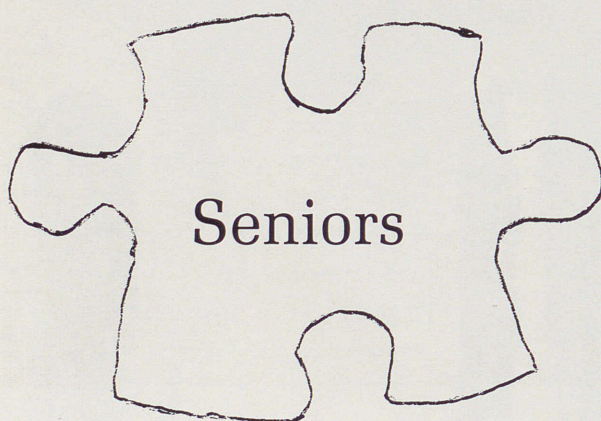

Yearbook is a year-round activity, not a seasonal occupation as in sports. It's not a one-shot affair that's over in a week. It begins the first week of school and sometimes runs into summer. The hours are long and thankless.

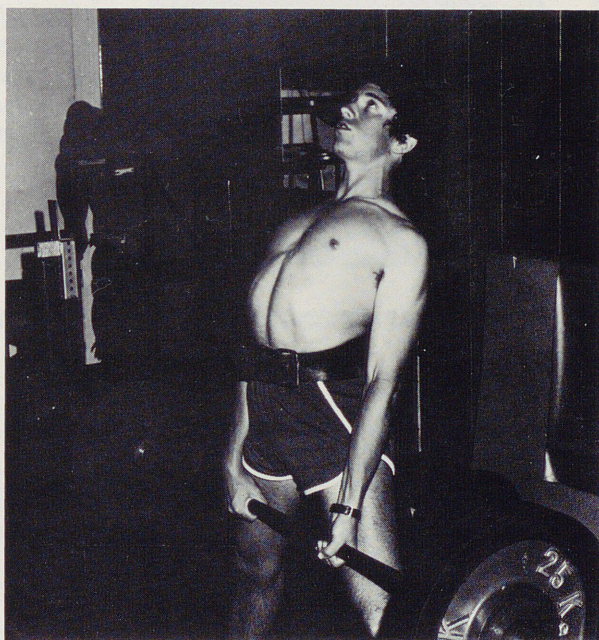

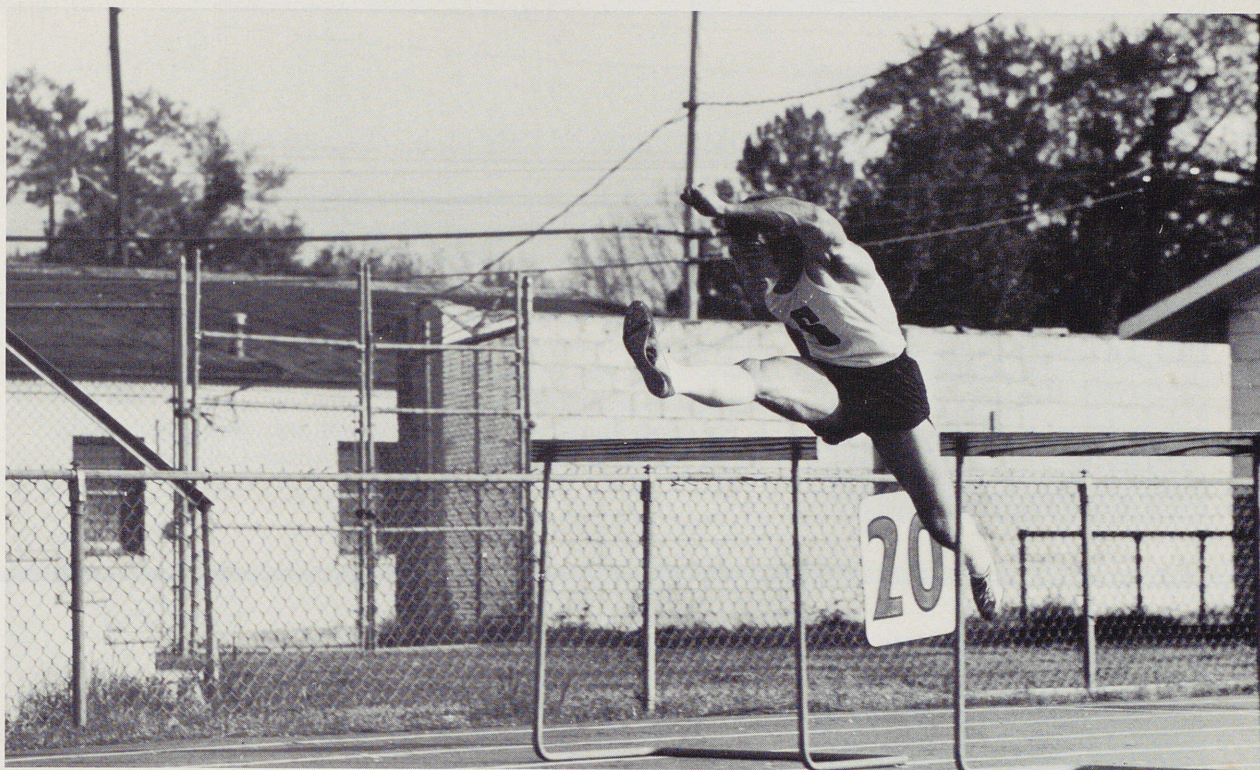

There is no glory being on the Yearbook Staff.

TOMMY JOSEPH ZANCA —

A day scholar, Tommy is from Bay St. Louis and has attended St. Stanislaus for six years. He was a member of the Rockachaw Marching Band for three years; the Drama Club for two years; the French Honor Society for three years; and the National Honor Society for three years.

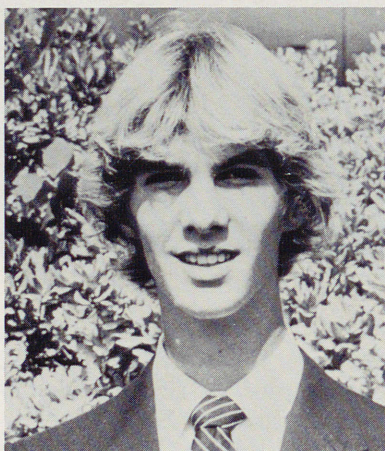

Tommy was selected for the Spanish Honor Society his Senior year. He also competed with the Math and Science Team in Jackson his Senior year.

He was chosen as the Star student and was a National Merit Finalist. He plans to attend McAlister College.

SCOTT CARTER STEWART —

A day scholar from Pass Christian, Scott attended St. Stanislaus for six years. In that time, he was a member of the Rockachaw Varsity Basketball team for two years, an active member of SSCWLC, and participated in track one year. Scott's future plans are unknown at this time.

JOHN JOSEPH GALLAGHER —

Attending St. Stanislaus for six years as a boarder, John is from Baton Rouge, Louisiana. While at SSC, he accumulated many credits in varied areas. He was a class officer two years, a dorm officer two years, and a member of the Student Council for a year, where he served as an officer.

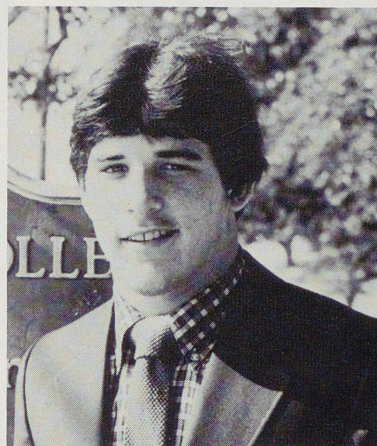

John was active in Project Do, a service organization. He was elected to the French Honor Society for one year and the National Honor Society for two years.

A staff member of Reflections, John served as Editor his Junior and Senior years. He was active in SSCWLC and was on the Debate Team. He also represented the school on the Math and Science Competition Team and was a National Merit Finalist. John plans to attend Tulane University.

WALTER JOSEPH GEX IV —

A day scholar hailing from Diamondhead, Joe has been a definite asset to the sports program at St. Stanislaus. As a member of the Rockachaw Baseball squad, Joe started as a Freshman and every year thereafter. In football, he excelled as well, playing quarterback, fullback, halfback and other positions as well.

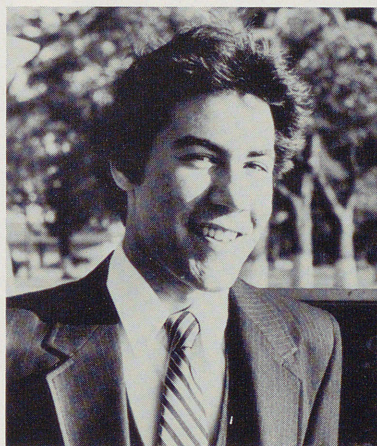

In Joe's Senior year, he was honored with the selection to the All-Conference teams for football and baseball. He plans to attend the University of Mississippi in Oxford.

WILLIAM FRANCIS WAITS —

A member of the Rockachaw Basketball program for four years, Billy was a day scholar at St. Stanislaus for six years. In his Senior year he was selected to the All-Conference team. In addition, he was an active participant in Project Do, a service organization, his Senior year. He was active in SSCWLC as well.

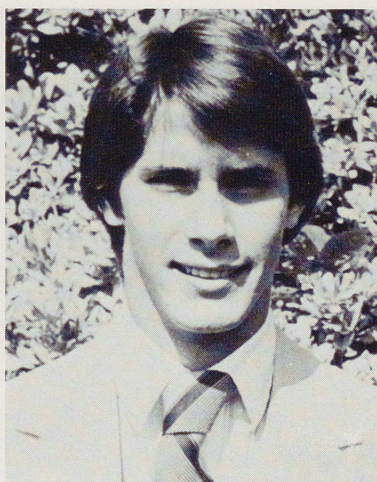

Billy plans to attend Millsaps College on a basketball scholarship.

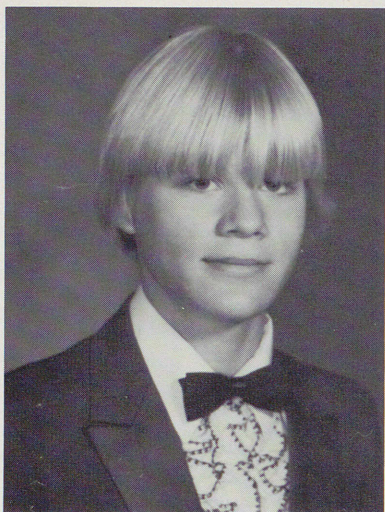

PAUL HUNTER VEGAS —

Without a doubt, one of the outstanding students at SSC for the year 1982. This year Hunt was tapped for Valedictorian of his class. In addition, he was a National Merit Finalist, a member of the President's Honor Roll, a member of the National Honor Society, the Spanish Honor Society and the Debate Team.

As if that were not enough, Hunt also participated in football, track and soccer. He was a member of the Math and Science Competition Team, the Prep Quiz Bowl Team and LWAS. Hunt was the St. Stanislaus Representative to the Chamber of Commerce his Senior year. He plans to attend Tulane University.

Brother Joseph's Dorm

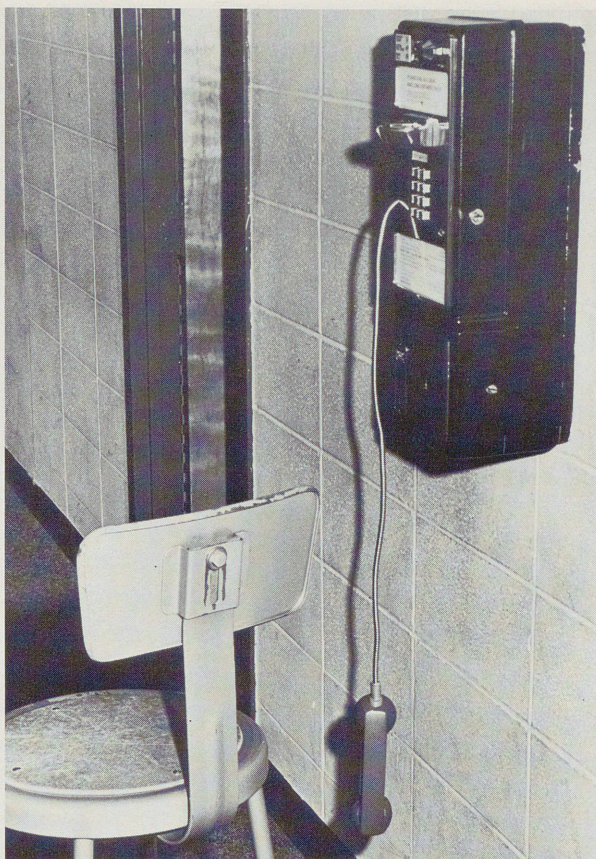

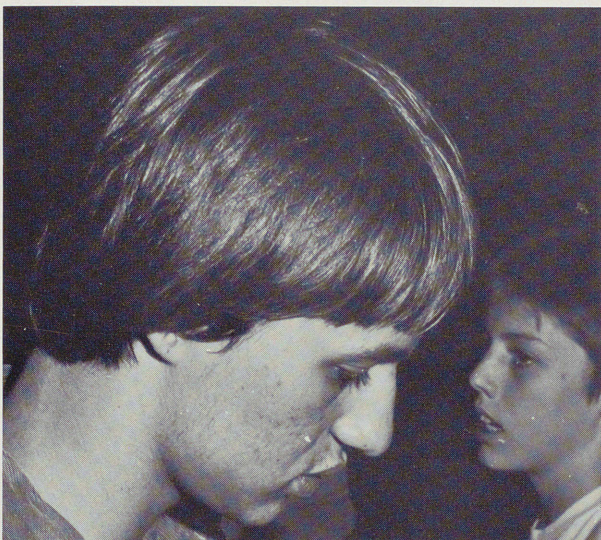

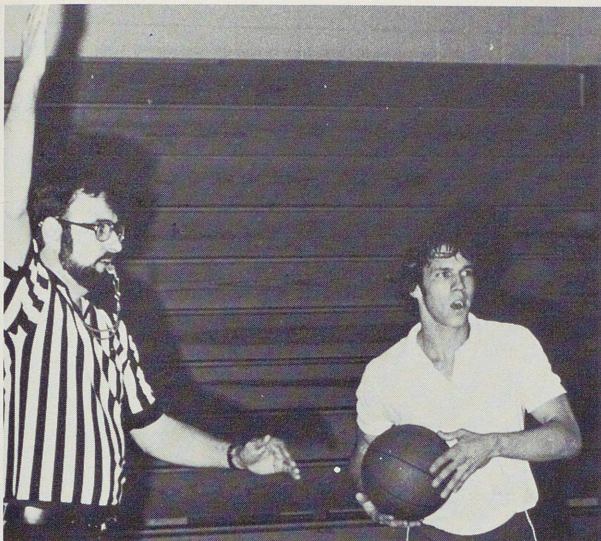

Boarding in Brother Joseph's Dorm means work. It is here that Juniors and Seniors are placed in a position of self-responsibility.

Resident students in Section C-D may bring cars on campus and use them when needed. Moreover, Brother Joseph allows them to stay out on weekends until midnight; boarders may also eat weekday meals off campus.

Students living Brother Joseph's dorm experience many opportunities to work, both with "things" and "people." Senior and Junior boarders this year organized a blood drive collecting much needed blood for the community Blood Bank.

Brother Ray's Dorm

Life in Brother Ray's dorm this year was very meaningful and profound. Throughout the year, the students were confronted with many crises, but one loss made the most impact. James Birdsall, Sophomore, died suddenly at St. Stanislaus. The emotions generated by this loss were touching and compelling.

Although this was James' first year here at Saint Stanislaus, he will be sadly missed and fondly remembered.

Brother Raymond's Dorm

So you think it's easy being a Freshman? Living in Brother Raymond's Dorm definitely makes life easier, but the Freshman year is still no bed of roses.

What with Mr. Jennings' Algebra class and Brother Mitchell's Civics class, it's enough to bury you in work for nine months, which it does.

But with the help of classmates in the dorm, and Brother, the year was completed. All that are left are memories of late night study sessions and cokes from downstairs.

Brother Eduardo's Dorm

Life in Brother Eduardo's dorm is a big change from the sixth and seventh grade dorm. The boarding students in Brother Eduardo's dorm begin to buckle down and study. The dorm, being one of the bigger dorms, is never without action. Many friends are made throughout the year, and many disagreements had, but in the end all of the disagreements are settled and the friendships endure, ready for the next school year.

TOP: Tony Cvitanovich utilizes that vital link to the outside world. ABOVE: Kenny Leech finds it necessary to move to the hallway to prepare for class. RIGHT: John Foster is ready for summer.

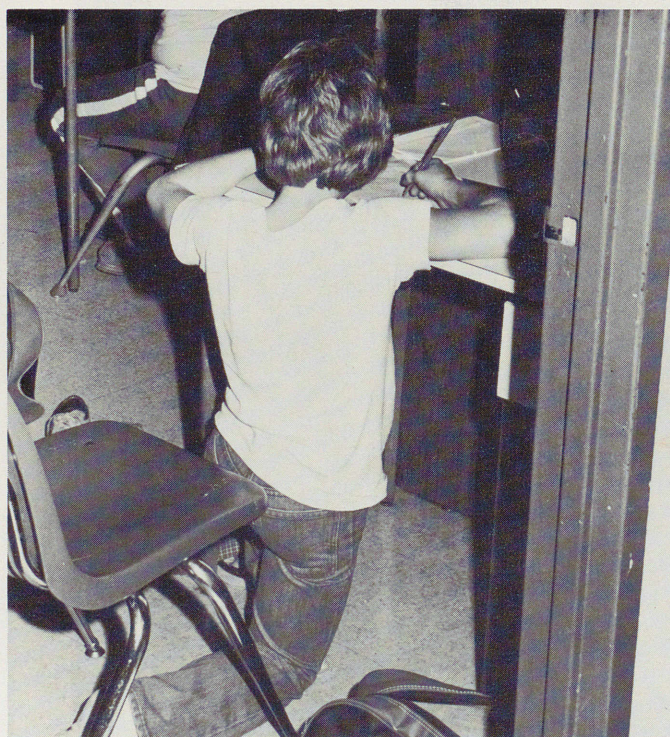

BROTHER NERI'S DORM

Take a Sixth grade student, baffled by new surroundings. Put him in a dorm with 60 other students. Now he is really bewildered. The task confronting Brother Neri each and every year is to take this puzzled child, lead him through the trials of the school year and help him to grow mentally, physically and spiritually.

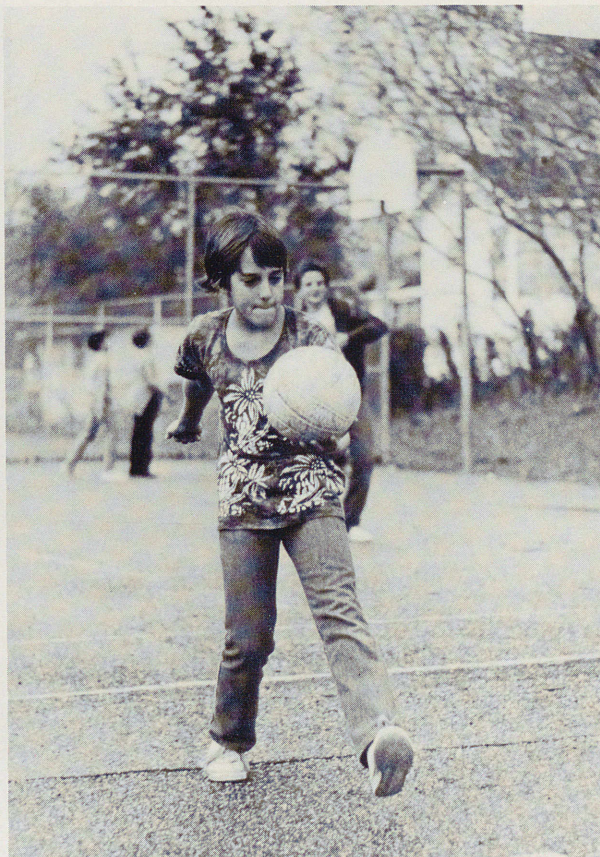

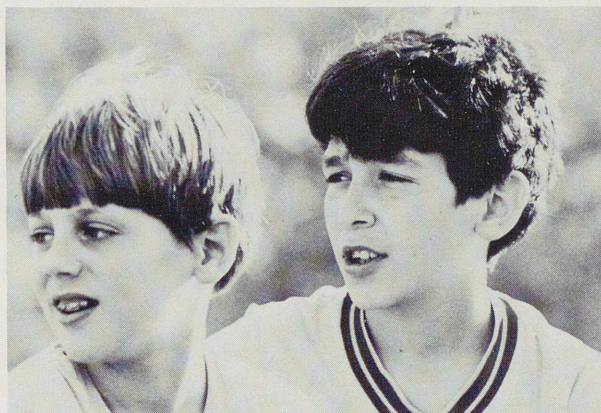

"Dorm life is alright. You have lots of things to do during the week after school. You can play tennis, football, baseball, or basketball. At night, you can go to the rec-hall or play something like football outside. The only thing that I don't like about boarding is getting up at 7:15 every morning, other than that it is alright."

Rock-a-Chaws '82

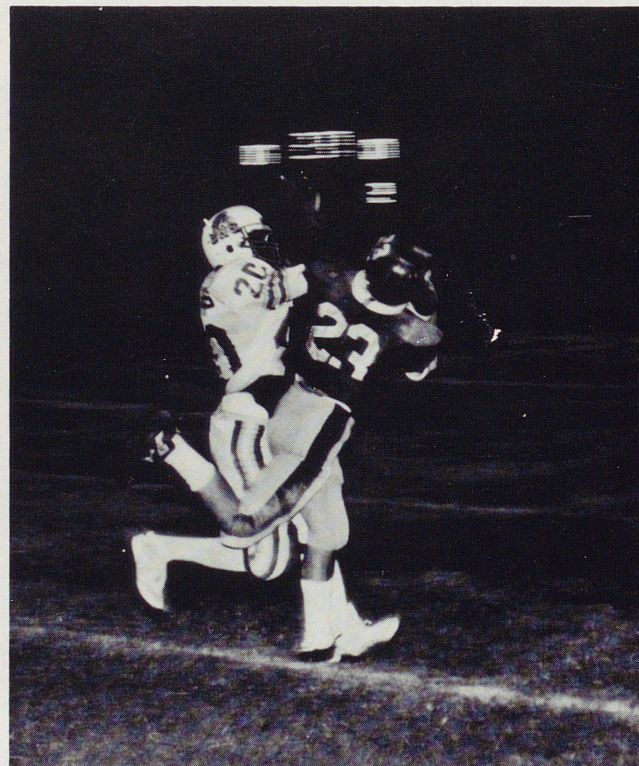

Football. What makes them do it? What motivates an individual to outfit himself in an armored suit, strap on a helmet and go out to meet someone similarly attired to attempt to beat him into the ground! Well, many reasons are given, the enjoyment, the camaraderie, etc. But if the truth were known, it's the competition. The striving for the win, besting the other man, either on a personal or team level. This is the heart of the matter. Perhaps the old saying of, "It's not whether you win or lose, but how you play the game," should not be too quickly ignored.

Like any team we wanted to go undefeated, but more than that we were out there to have a good time. Looking back on it, the discipline, the sprints, the injuries, etc., I really enjoyed myself — Pat Leech.

I think our strongest team points were our depth in the offensive backfield, our offensive line had good experience, but we just couldn't seem to put it all together. Just about all of our offensive people started off last year — Joe Gex.

A KICK IN THE GRASS

During the past year the young Soccer team has shown that the Mighty Rock doesn't give up. Going 1-3, the team lost some close games. If you were able to attend those cold, wind-chilled games you were on the edge of your seat for the whole game. Mr. Engel, with his stunning tactics, and variety of plays, dazzled and bewildered the opponents.

Kent Weidie with his great saves as the goalie and Luis Camero with his brilliant goals, as the team's key forward, kept the games close at all times.

With young experience, we see a very bright and dazzling future for the Rocks in the 1983 season.

ROUNDBALL SEASON A SUCCESS

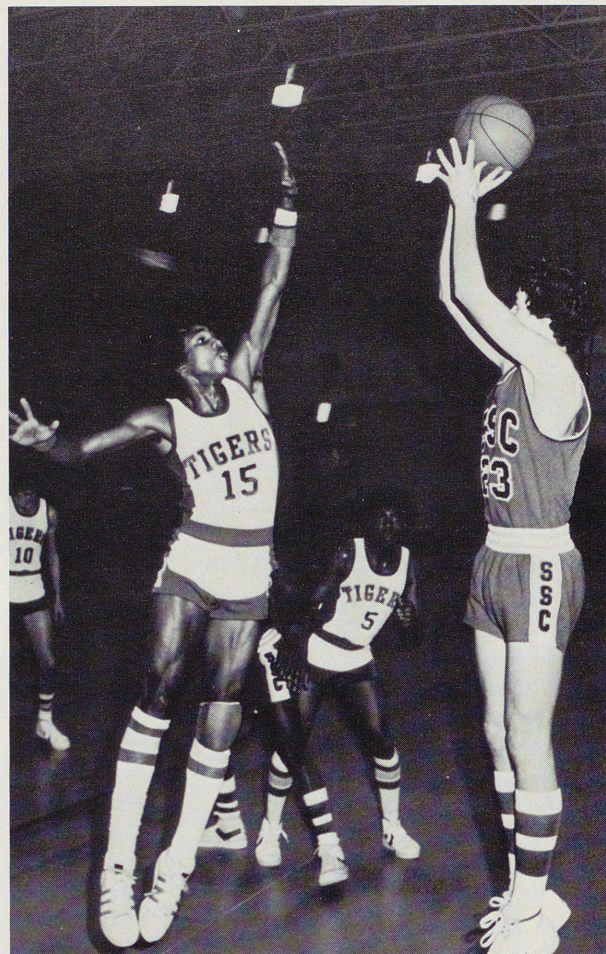

This year, the SSC Varsity basketball team finished with a 12-10 record. Although the team placed third in the Deep South Conference, second place was missed by a one point loss to Pearl River Central.

The season was highlighted by two big upset victories. The first one was over crosstown rival Bay High on their own floor, the other over the talented Hancock North Central team at SSC.

In district play the Rocks almost pulled off the biggest upset of the year over Picayune. The Rocks led by four points throughout the game until the last two minutes. The heavily favored, and highly ranked, Picayune team had to struggle to pull the game out in the last few seconds.

TOP: Ron Artigues drops in two during a JV game. BOTTOM LEFT: Mark Logan goes up for the shot over the Stone defender. BOTTOM RIGHT: Dean DiSalvo attempts to pass off to James Bass.

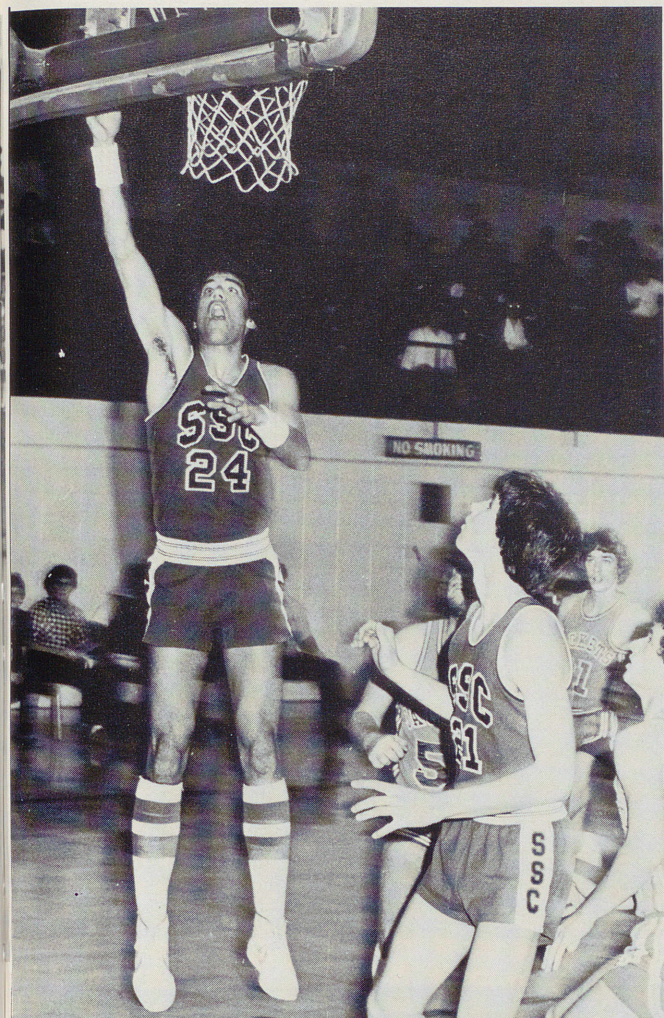

The 1981-82 Rockachaw Basketball Team, under the direction of Coach Steve North and Coach Mike Gemelli, achieved a goal that was set at the beginning of practice in September, to have a winning season. With only one starter and two other varsity players returning, the team faced a tough assignment. The coaches nevertheless dedicated their time to the anticipation of the goal. The team finished the '82 campaign with a 12-9 record.

The winning combination of Billy Waits and Shannon Corr ignited the flame that won games. Billy scored over 20 points and in double figures in rebounding in all but seven of the games this season. His versatility supplied the winning punch in many games. Shannon did a fine job as a scoring threat, averaging 15 points and six rebounds an outing. With no real bench to speak of, these two All-Conference players were backed up admirably by Scott Stewart, Todd Weidie, and Emery Edwards.

The Rocks ended the season with a disappointing loss to Picayune in the District Tournament by two points. Overall, it was a good season for the Rocks. We hope that there are many of these to follow.

Thinclads Denied Again

The 1982 SSC track squad, under the sole direction of Coach Vernon Powell, finished out their regular season at Perkinston Junior College in Perkinston, Mississippi on April the 14th. The well-trained running Rocks were edged out of an overall victory by a mere two point margin. Last year, the Rocks were denied Conference by a two point margin as well.

Giving it their all and setting a new school record in the mile relay were Pat Kergosien, Al Brignac, Sean Logan, and Brett Boulet. Other tracksters that made school bests were Marco St. John in the high jump with a tremendous leap of 6'7", breaking the existing record by 4"; Pat Kergosien in the 120 yard high hurdles with a time of 15.3 seconds and Pat also broke the existing pole-vault record by a vault of 14'.

The Rockachaws hosted four meets in the regular track season. The SSC Thinclads posted victories in every meet. The '83 squad will miss several of the leaving members, however, several enthusiastic young juniors are anxious to fill in their places. Among next year's promising sprinters are Darrin Scarborough, Vance Young, John Jones, Mark Tubre, Brett Boulet and Jerry Kelly. Distance men will include Frank Trudeau, Steve Harrison, and Mike Ostrowe.

Spotlight on a Champ

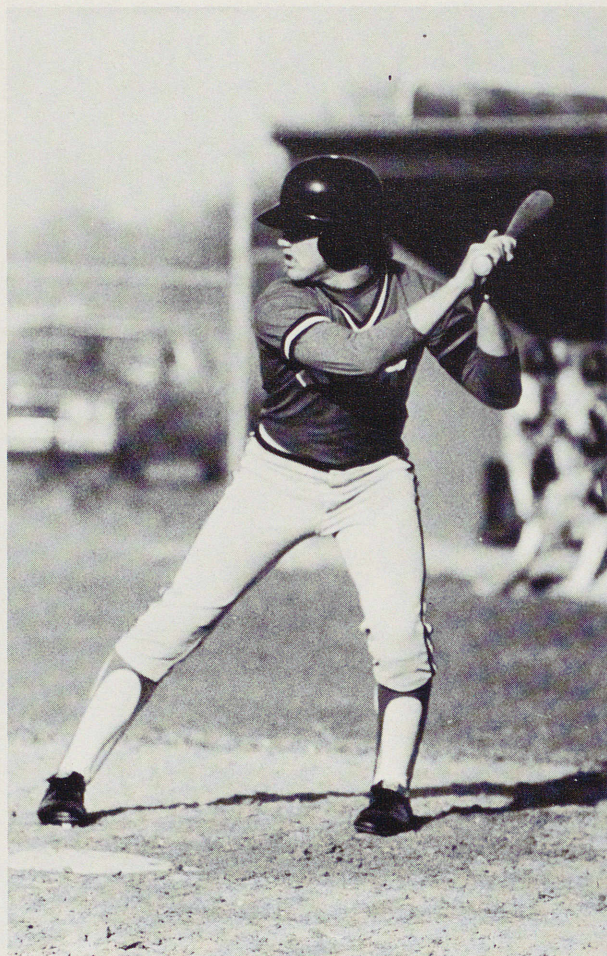

A champion, one who is outstanding, distinguished, illustrious. These adjectives very adequately describe Pat Kergosien, but Pat is more than an adjective.

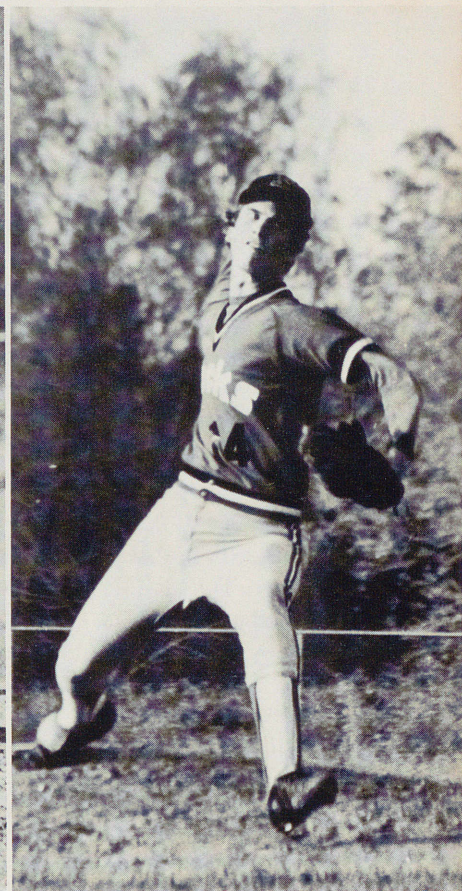

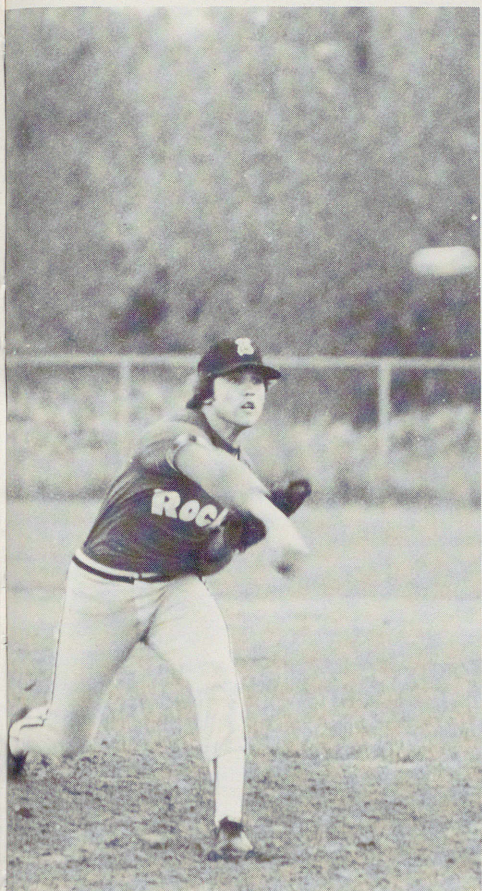

Selected as the Scholar Athlete for this year, Pat has displayed mental as well as physical proficiency. These accomplishments are not simply attained, they are earned. Earned after many long arduous hours of training, long hours of studying.

Pat Kergosien truly should be distinguished from his teammates. He epitomizes the ideal Rockachaw, the total man. His efforts will be recorded, but no record can replace his absence. He will be missed.

OPPOSITE PAGE, TOP (L-R): Sean Logan, Senior; Casey Wittmann, Sophomore; Brad Lamey, Senior. BOTTOM: Joe Gex gets down in the classic catcher position. Sean Logan, Brad Lamey, Gus Aime, Steve Favre, Chris Darling, Joe Gex.

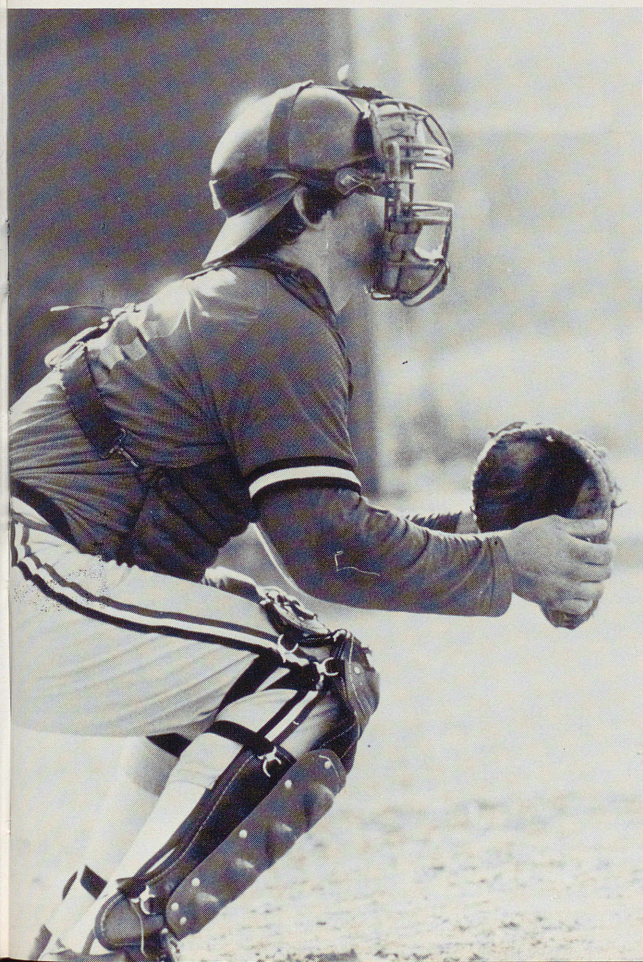

Basemen Post 10-8 Season

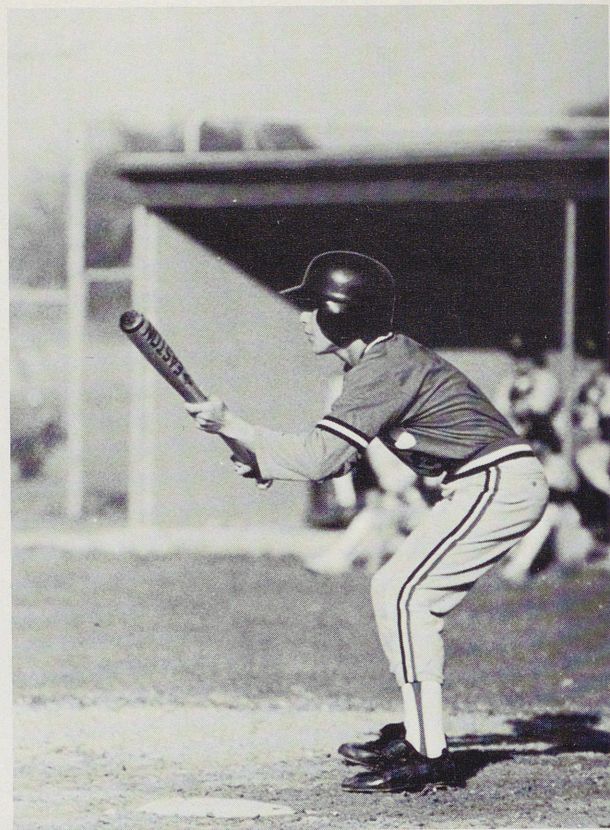

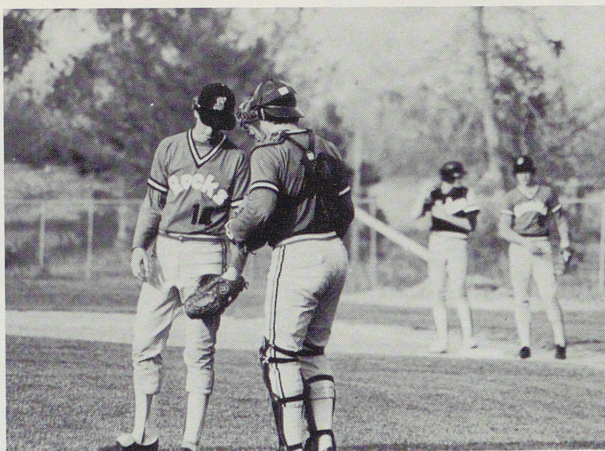

There were several highlights this season to complement the 10-8 record posted by the Rockachaw team. One was a 5-4 win over the Biloxi Indians, considered by many to be the top team in the state. Another was the 25-9 trouncing of Hancock North Central.

Seniors on the squad who were rewarded for their efforts were Joe Gex, scholarship to Ole Miss for Baseball; Mark Schultz and Steve Favre will both play ball next year for Pearl River Junior College.

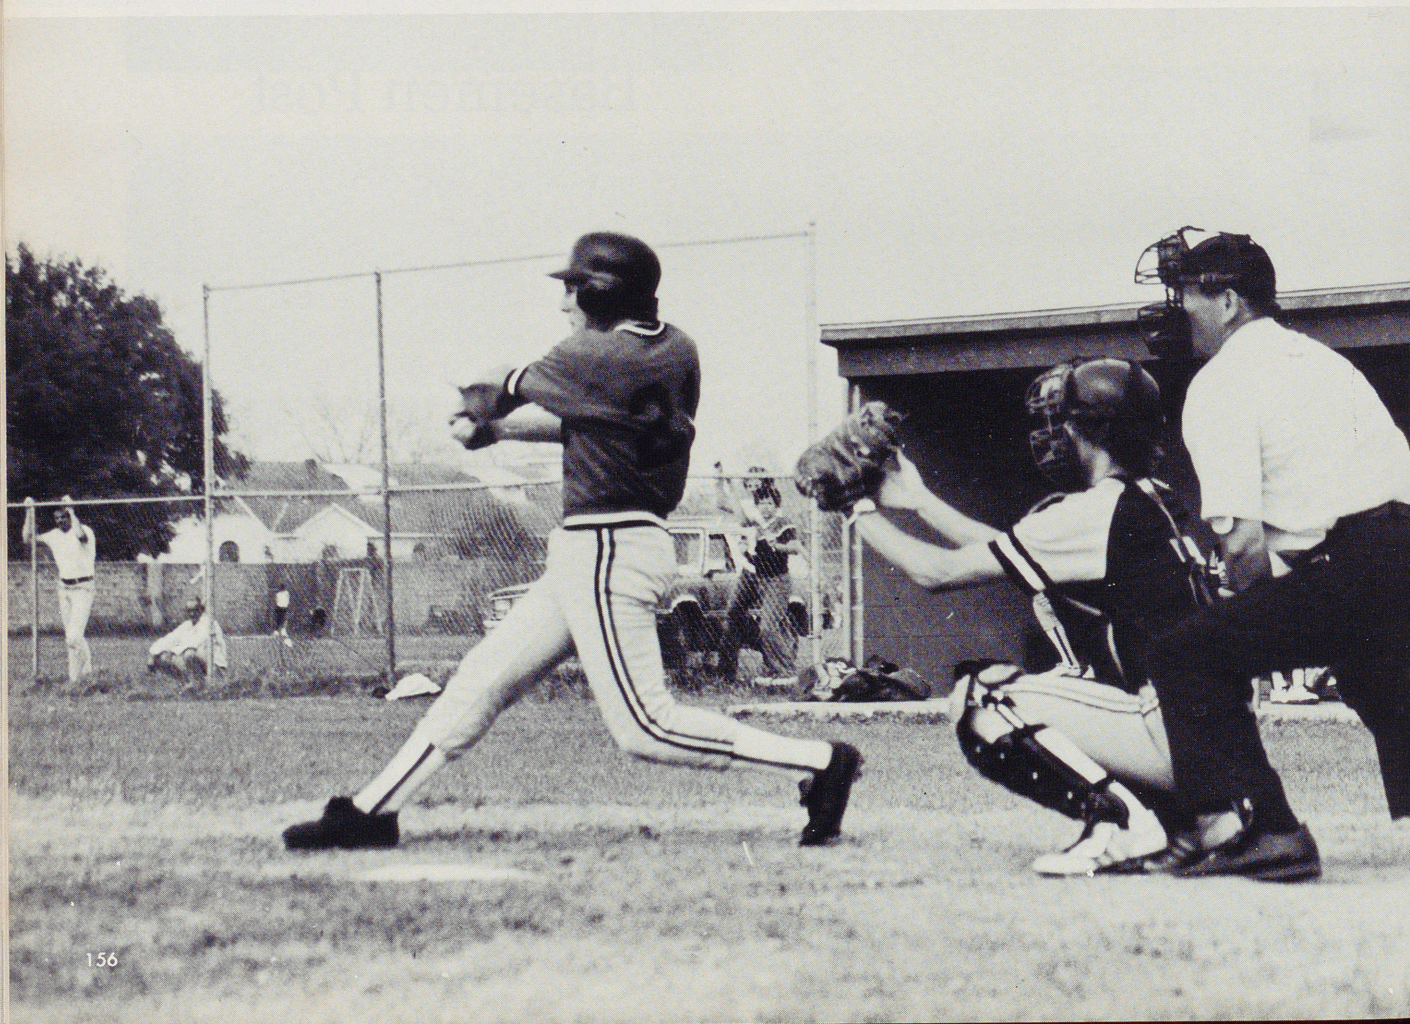

The following batting averages were posted for a four year period: Steve Favre, .329; Joe Gex, .312; Larry Hopkins, .376 (3 years); Brad Lamey, .310; Sean Logan, .385 (3 years); and Mark Schultz, .241.

And with the upcoming talent, St. Stanislaus can look forward to several years of excellent baseball. Persons such as Casey Wittmann, Chris Darling, Joby Labruzzo, Ron Artigues, just to name a few.

Netters Record Break-Even Season

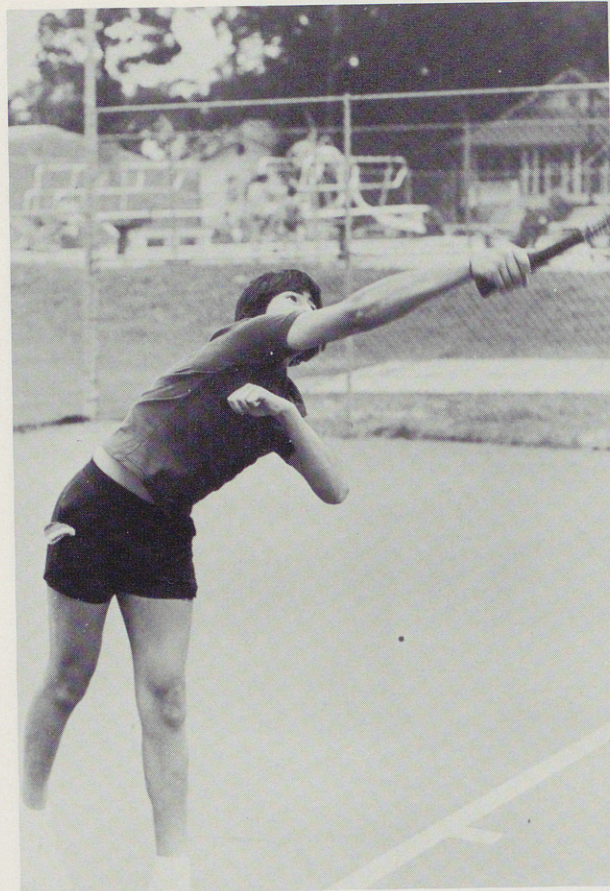

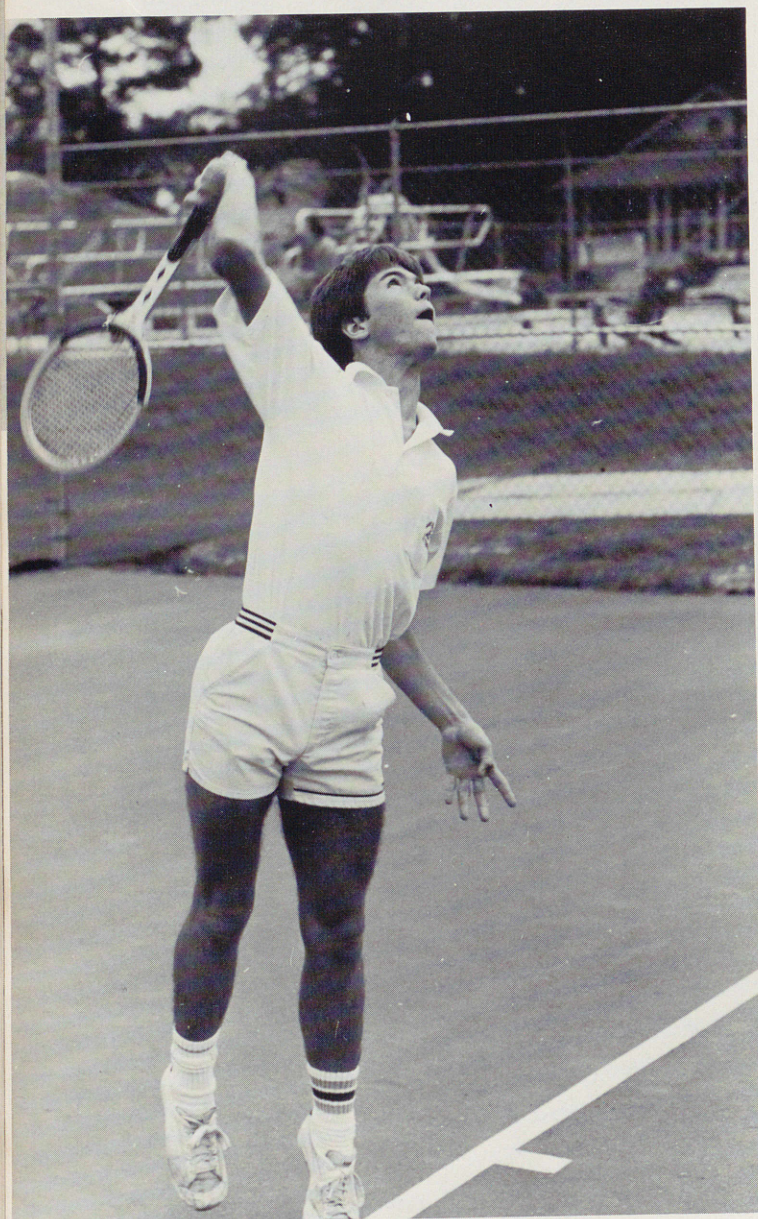

With but two Seniors on the squad, the St. Stanislaus Netters proceeded to post a 5-5 record for the season.

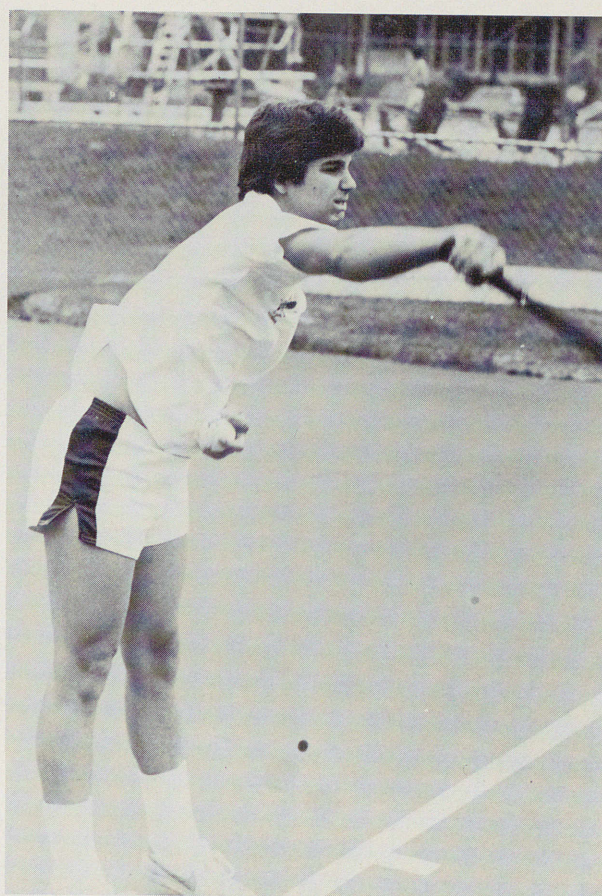

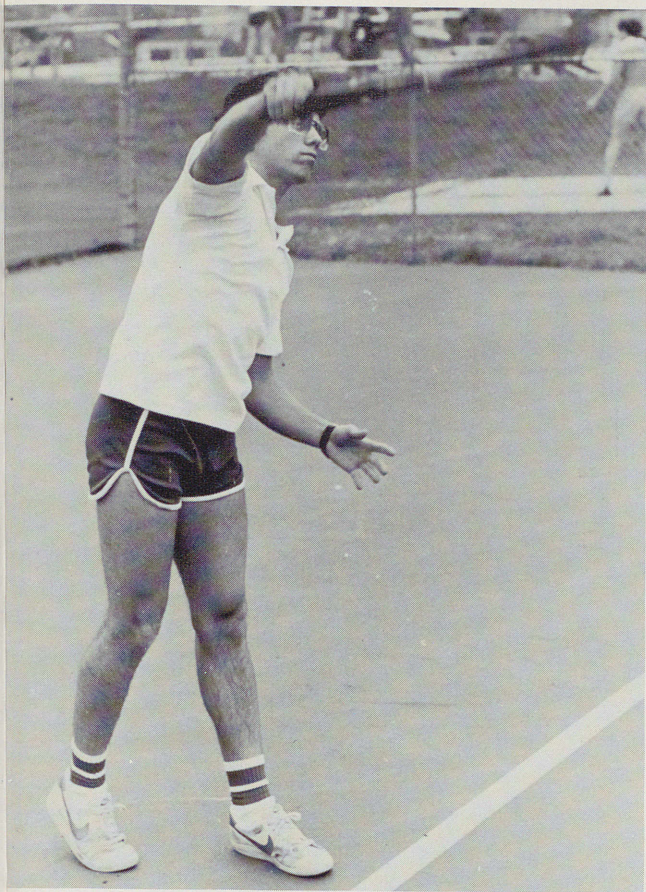

Beating O.L.V., Moss Point, Picayune, Bay High, and Ocean Springs, the tennis team recorded losses to Biloxi, Gulfport, Bay High, Coast Episcopal and Pascagoula.

The future, however, looms bright for a very young squad. Next year's squad will have two Seniors again, but with all underclassmen experienced, it should be a very good year. Brother Pascal, Coach, states that the potential shown this year was tremendous.

The Year Ends

The year's end nears, the mist begins to lift. The close of the school year brings summer, but leaves behind many memories. Some memories have already begun to fade, such as that pep rally back in September (OPPOSITE PAGE, BOTTOM). But others remain fresh and clear, like the Senior Ski Party (OPPOSITE PAGE, TOP).

Each year means something different to each person. To some, it was a year of service, like Robert Van Mol and Tom Ewton (ABOVE), to others, it was a year of play and fun (LEFT, Phil Gachassin). But, to all, it is still a puzzle. See if you can find all of the faculty (OPPOSITE PAGE, TOP LEFT), in this puzzle.

Seniors Enjoy Last Outing

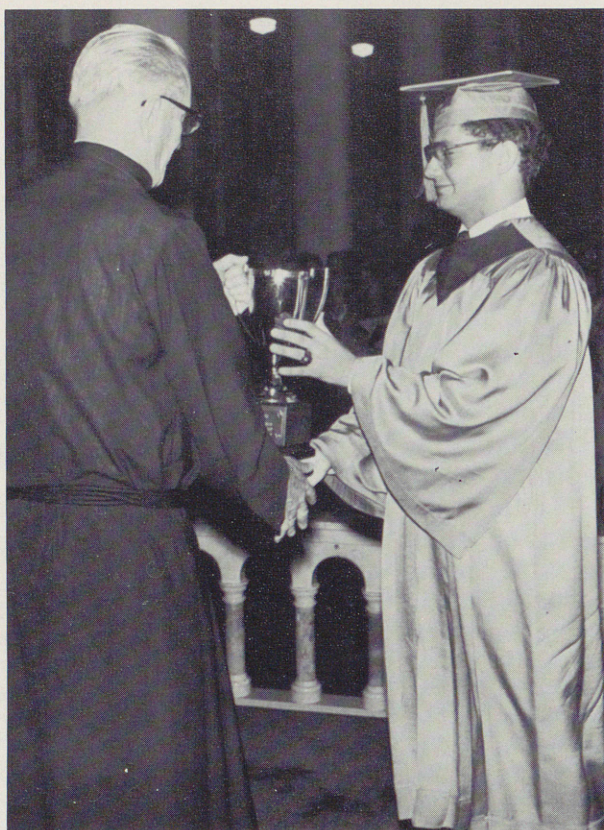

As the anticipation of the final week begins to grow, as the emotions of leaving behind old friends finally begins to reach realization, the Resident Seniors are gathered by the Senior Perfect, Brother Joseph, for one last outing together.

The seniors are taken to the Ski Camp, where they are treated to all the food they can manage to consume and they ski. Do they ski! For four or five hours, they do nothing else.

Then they return to the dorm, with another memory of SSC to include in their mental scrapbooks.

OPPOSITE PAGE, CLOCKWISE FROM UPPER LEFT: John Gallagher, Andrew Melvin, Tony Herques, Gerald Crochet. THIS PAGE, TOP: Alex Goodson, Slidell Senior, shows the old pros how it's done. BOTTOM LEFT: Mr. Bill Zimmerman donates time and effort to make this an event worth remembering. BOTTOM RIGHT: Justin Jones, Mike Coincon, and Greg Quartano return from a ski trip.

Graduation . . . Another Piece to the Puzzle

Being a student in high school means enjoying the security of everyday life — a rarity in today's world. Seniors must somehow prepare themselves mentally and emotionally to cope with the uncertainties that lie ahead. The microcosm of the classroom suddenly emerges into the wide open fields of human society, and our ability to withstand the elements relies heavily upon our maturity, motivation, and individualism. Hopefully we have gathered these qualities during our twelve years of preparation. If so, then the transition from old to new will occur with a minimum of extra effort.

Just as every class before us, the Seniors of 1982 leave behind our thanks, appreciation, and words of advice; we carry with us memories and reflections of that wonderful period of life called high school. It won't be until many years from now that we will realize just how wonderful that period actually was. Until then, we look forward with the challenge, anticipation, and excitement that is distinctive of a member of the St. Stanislaus family.

JAMES JOSEPH BIRDSALL

MARCH 7, 1966-MARCH 13, 1982

*"James is a fine young man, not was.
And it is not that he was loved by us, he is."*
